HISTORY/FACTS/ISSUES:
The North Sumter County Utility Dependent District (the District) is a special district created by the Board of County Commissioners of Sumter County in accordance with the provisions of Florida Statute Chapters 125 and 189, and provides utility services to areas in and around The Villages DRIs. The District was created by the Sumter County Board of County Commissioners in 2010 (Ordinance 2010-10). It is periodically necessary to amend Ordinance 2010-10 to improve efficiency and reflect administrative needs. The District proposes the following amendments:

- Expand the District boundaries to improve efficiency and serve developing areas.
- Update membership of the District Board governing body.
- Allow for solid waste collection and disposal services pursuant to Section 125.01(1)(k)2, Florida Statutes.

Pursuant to Chapter 189, Florida Statutes, the Board must approve the amendment via ordinance.
