HISTORY/FACTS/ISSUES:

Sumter County participates in the Lake-Sumter Metropolitan Planning Organization (LSMPO) for the long-range and short-range funding planning of the use of Florida Department of Transportation (FDOT) allocation of funding for both state road facilities as well as for major local road facilities. This planning process is required for the County to receive local state grants for the priority projects in the plan that may require local matching funds. Their website hosting their documents can be found at http://www.lakesumtermpo.com/

Attached are two documents related to Tier 1 and Tier 2 funding for the List of Priority Projects (LOPP) that will be used for this portion of the presentation of upcoming large FDOT and FDOT partnering projects.
