WHEREAS, the COUNTY by Resolution No. _____, dated the _____ day of _____, 2012, a copy of which is attached hereto as Exhibit “G” and made a part hereof, has authorized its officers to execute this Agreement on its behalf.

WHEREAS, the implementation of the Project is in the interests of both the DEPARTMENT and the COUNTY and it would be most practical, expeditious, and economical for the COUNTY to perform the services to complete the Project. The funds for this Project cannot be used before this Agreement is executed by both the COUNTY and the

DEPARTMENT and before any conditions precedent identified herein are met. Any work performed before the execution of this Agreement or prior to the meeting of the conditions precedent will not be reimbursed by the DEPARTMENT; and

WHEREAS, the intent of this Agreement is to establish the terms and conditions of the funding and the production of this Project; and

NOW, THEREFORE, in consideration of the mutual covenants, promises, and representations contained herein, the parties agree as follows:

1. TERM

A. The term of this Agreement shall begin upon the date of signature of the last party to sign. The COUNTY agrees to complete the Project by February 28, 2014, in accordance with the schedule described and contained in Exhibit "D", attached hereto. If the COUNTY does not complete the Project within the time period allotted, this Agreement will expire on the last day of scheduled completion, as provided in this paragraph, unless an extension of the time period is requested by the COUNTY and granted in writing by the DEPARTMENT, prior to the expiration of the Agreement. Expiration of this Agreement will be considered termination of the Project.

2. SERVICES AND PERFORMANCES

A. The COUNTY shall furnish the services with which to construct and perform construction engineering inspection of the Project, which consists of widening (non-capacity) and resurfacing County Road 542W from US 301 to C-475, and otherwise perform all other necessary work to complete the Project, as specified in Exhibit "A" attached hereto and by this reference made a part hereof. Nothing herein shall be construed as requiring the COUNTY to perform any activity which is outside of the scope of services of the Project.

B. The COUNTY agrees to undertake the construction and construction engineering inspection of the PROJECT in accordance with all applicable federal, state and local statutes, rules and regulations, including COUNTY standards and specifications. The COUNTY shall be responsible for obtaining clearances/permits required for the construction of the Project from the appropriate permitting authorities.

C. The COUNTY will prepare all design plans for the Project, at the expense of the COUNTY. The COUNTY will provide one (1) copy of the final design plans and specifications and final bid documents to the Department's Construction Project Manager prior to commencing construction of the Project.

D. Prior to commencing the construction work described herein, the COUNTY shall request a Notice to Proceed from the DEPARTMENT'S Construction Project Manager, Vince Vacchiano at (386) 943-5406, or from an appointed designee. Any work performed prior to the issuance of the Notice to Proceed is not subject to reimbursement.

E. The COUNTY shall hire a contractor using the COUNTY'S normal bid procedures to perform the construction work for the Project.

F. The COUNTY shall hire a Consultant Construction Engineering Inspection (hereinafter "CCEI") firm to perform construction oversight including the obligation to assure that any and all verification testing is performed in accordance with the 2010 Standard Specifications for Road and Bridge Construction, as amended from time to time which CCEI work shall be deemed to be part of the Project. The CCEI firm shall not be the same firm as the Engineer of Record. The COUNTY'S Attorney shall certify to the DEPARTMENT that selection has been accomplished in compliance with the Consultants' Competitive Negotiation Act, Section 287.055, Florida Statutes. In the alternative and subject to paragraph 3, B (v) below, the County may utilize County staff to perform the required CEI services.

G. The COUNTY shall be responsible to ensure that the construction work under this Agreement is performed in accordance with the approved construction documents.

H. If the COUNTY requests to utilize COUNTY staff to provide CEI services for this Project, the COUNTY will provide in house staff hour estimates along with a Public Interest Finding that establishes that it will be more cost effective to utilize in house services than to use competitively bid services. The Public Interest Finding will be provided to the DEPARTMENT before a decision to allow or to not allow the use of in-house services and before a Notice to Proceed is issued by the DEPARTMENT for the Project. The DEPARTMENT will provide a written response to the COUNTY's request in a timely manner.

I. Upon request, the COUNTY agrees to provide progress reports to the DEPARTMENT in the standard format used by the COUNTY and at intervals established by the DEPARTMENT. The DEPARTMENT will be entitled at all times to be advised, at its request, as to the status of the Project being constructed by the COUNTY and of details thereof. Either party to the Agreement may request and shall, within a reasonable time thereafter, be granted a conference with the other party.

J. Upon completion of the work authorized by this Agreement, the COUNTY shall notify the DEPARTMENT in writing of the completion of construction of the Project; and for all

design work that originally required certification by a Professional Engineer, this notification shall contain an "Engineers Certification of Compliance", signed and sealed by a Professional Engineer, the form of which is attached hereto as Exhibit "E".

K. Upon completion of the Project, the COUNTY understands that they shall be responsible for the maintenance of the facilities constructed under this agreement.

3. COMPENSATION AND REIMBURSEMENT

A. Project Cost: The total estimated cost of the Project is \$362,500.00 (Three Hundred Sixty-Two Thousand Five Hundred Dollars and No/100). This amount is based on the Schedule of Funding, Exhibit "C" attached hereto.

B. DEPARTMENT Participation: The DEPARTMENT agrees to reimburse the COUNTY an amount not to exceed **\$362,500.00 (Three Hundred Sixty-Two Thousand Five Hundred Dollars and No/100)** for actual costs incurred. The funding for this Project is contingent upon annual appropriation by the Florida Legislature. Travel costs will not be reimbursed.

i) Invoices shall be submitted by the COUNTY in detail sufficient for a proper pre-audit and post-audit thereof, based on the quantifiable, measurable and verifiable deliverables as established in Exhibit "A", Scope of Services. Deliverables must be received and accepted in writing by the Department's Project Manager or designee prior to reimbursements.

ii) Supporting documentation must establish that the deliverables were received and accepted in writing by the COUNTY, and must also establish that the required minimum level of service to be performed as specified in Paragraphs 2. E. and J. was met, and that the criteria for evaluating successful completion as specified in Paragraph 2. K. was met.

iii) The COUNTY may receive progress payments for actual costs of deliverables based on the contractor's Schedule of Values and on a percentage of services that have been completed, approved and accepted to the satisfaction of the DEPARTMENT when properly supported by detailed invoices and acceptable evidence of payment. The final balance due under this Agreement will be reimbursed upon the completion of all Project services, receipt of final construction cost documentation and proper submission of a detailed invoice and when the Project has been inspected, approved and accepted to the satisfaction of the DEPARTMENT in writing.

iv) All costs charged to the Project shall be supported by detailed invoices, proof of payments, contracts or vouchers evidencing in proper detail the nature and propriety of the

charges.

The DEPARTMENT has twenty (20) days to deliver a request for payment (voucher) to the Department of Financial Services. The twenty (20) days are measured from the latter of the date the invoice is received or the goods or services are received, inspected and approved. If a payment is not available within forty (40) days, a separate interest penalty at a rate as established pursuant to Section 55.03(1), Florida Statutes, will be due and payable, in addition to the invoice amount. Interest penalties of less than one dollar (\$1.00) will not be enforced unless the COUNTY requests payment. Invoices which have to be returned to the COUNTY because of COUNTY preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the DEPARTMENT. A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for Contractors/vendors who may be experiencing problems in obtaining timely payment(s) from a state agency. The Vendor Ombudsman may be contacted at (850) 413-5516 or by calling the Division of Consumer Services at 1-877-693-5236.

F. Records of costs incurred under terms of this Agreement shall be maintained and made available upon request to the DEPARTMENT at all times during the period of this Agreement and for five (5) years after final payment is made. Copies of these documents and records shall be furnished to the DEPARTMENT upon request. Records of costs incurred include the COUNTY'S general accounting records and the project records, together with

supporting documents and records, of the contractor and all subcontractors performing work on the project, and all other records of the contractor and subcontractors considered necessary by the DEPARTMENT for a proper audit of costs. Any discrepancies revealed by any such audit shall be resolved by a corrected final billing from the COUNTY to the DEPARTMENT.

G. In the event this Agreement is in excess of \$25,000.00 (TWENTY FIVE THOUSAND AND NO/100 DOLLARS) and a term for a period of more than one (1) year, the provisions of Section 339.135(6)(a), Florida Statutes, are hereby incorporated as follows:

“The DEPARTMENT, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The DEPARTMENT shall require a statement from the Comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding one (1) year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years; and this paragraph shall be incorporated verbatim in all contracts of the DEPARTMENT which are for an amount in excess of \$25,000.00 and which have a term for a period of more than one (1) year.”

H. The DEPARTMENT’S performance and obligation to pay under this contract is contingent upon an annual appropriation by the Florida Legislature. The parties agree that in the event funds are not appropriated to the DEPARTMENT for the Project, this Agreement may be terminated, which shall be effective upon the DEPARTMENT giving notice to the COUNTY to that effect.

I. Audits: The administration of resources awarded by the Department to the COUNTY may be subject to audits and/or monitoring by the Department, as described in this section.

MONITORING

In addition to reviews of audits conducted in accordance with OMB Circular A-133 and Section 215.97, Florida Statutes, as revised (see “AUDITS” below), monitoring procedures may include, but not be limited to, on-site visits by Department staff, limited scope audits as defined by OMB Circular A-133, as revised, and/or other procedures. By entering into this Agreement, the COUNTY agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Department. In the event the Department determines that a limited

scope audit of the recipient is appropriate, the COUNTY agrees to comply with any additional instructions provided by the Department staff to the COUNTY regarding such audit. The COUNTY further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the DEPARTMENT'S Office of Inspector General (OIG) and Florida's Chief Financial Officer (CFO) or Auditor General.

AUDITS

PART I: FEDERALLY FUNDED

Recipients of federal funds (i.e. state, local government, or non-profit organizations as defined in OMB Circular A-133, as revised) are to have audits done annually using the following criteria:

1. In the event that the COUNTY expends \$500,000 or more in Federal awards in its fiscal year, the COUNTY must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. Exhibit "F" to this Agreement indicates Federal resources awarded through the Department by this Agreement. In determining the Federal awards expended in its fiscal year, the COUNTY shall consider all sources of Federal awards, including Federal resources received from the Department. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit of the COUNTY conducted by the Auditor General in accordance with the provisions OMB Circular A-133, as revised, will meet the requirements of this part.

2. In connection with the audit requirements addressed in Part I, paragraph 1, the COUNTY shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised.

3. If the COUNTY expends less than \$500,000 in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. However, if the COUNTY elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-Federal resources (i.e., the cost of such an audit must be paid from COUNTY resources obtained from other than Federal entities).

4. Federal awards are to be identified using the Catalog of Federal Domestic Assistance (CFDA) title and number, award number and year, and name of the awarding federal agency.

PART II: STATE FUNDED

Recipients of state funds (i.e. a nonstate entity as defined by Section 215.97(2)(m), Florida Statutes) are to have audits done annually using the following criteria:

1. In the event that the COUNTY expends a total amount of state financial assistance equal to or in excess of \$500,000 in any fiscal year, the COUNTY must have a

State single or project-specific audit for such fiscal year in accordance with Section 215.97, Florida Statutes; applicable rules of the Department of Financial Services and the CFO; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. Exhibit "F" to this Agreement indicates state financial assistance awarded through the Department by this Agreement. In determining the state financial assistance expended in its fiscal year, the COUNTY shall consider all sources of state financial assistance, including state financial assistance received from the Department, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.

2. In connection with the audit requirements addressed in Part II, paragraph 1, the COUNTY shall ensure that the audit complies with the requirements of Section 215.97(7), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2)(e), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

3. If the COUNTY expends less than \$500,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. However, if the COUNTY elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the nonstate entity's resources (i.e., the cost of such an audit must be paid from COUNTY resources obtained from other than State entities).

4. State awards are to be identified using the Catalog of State Financial Assistance (CSFA) title and number, award number and year, and name of the state agency awarding it.

PART III: OTHER AUDIT REQUIREMENTS

The COUNTY shall follow up and take corrective action on audit findings. Preparation of a summary schedule of prior year audit findings, including corrective action and current status of the audit findings is required. Current year audit findings require corrective action and status of findings.

Records related to unresolved audit findings, appeals, or litigation shall be retained until the action is completed or the dispute is resolved. Access to Project records and audit work papers shall be given to the DEPARTMENT, the Department of Financial Services, and the Auditor General. This section does not limit the authority of the Department to conduct or arrange for the conduct of additional audits or evaluations of state financial assistance or limit the authority of any other state official.

SCOPE OF SERVICES

County Road 542W is an existing County-maintained two-lane roadway. The Project limits starts on County Road 542W to US 301, for a total length of approximately 2,000 feet. This Project is in a rural area near the City of Bushnell.

Widening and Resurfacing of County Road 542 W:

Sumter County is proposing to widen (non-capacity) and reconstruct County Road 542W. The existing roadway has approximately 17 – 18 feet of pavement. The proposed roadway section would include widening the travel lanes to 10 feet with a one foot (1') paved shoulder on each side. The existing pavement conditions are poor, with alligator cracking, rutting and existing patches. The base materials exhibited water seepage, and are below the current minimum standards for quality and thickness. The sub-grade does not appear to have been stabilized to create a uniform bearing layer.

The proposed remediation program for the roadway is to reclaim the existing asphalt and base and compact to LBF 40 to create a uniform stabilized sub-grade. The stabilized sub-grade will be covered by eight inches (8") of lime rock base and two inches (2") of asphalt. The widening section will include thirteen and a half inches (13.5") of lime rock and two inches (2") of asphalt. The existing portion of the road within CSX right-of-way will be milled four inches (4") and replaced with four inches (4") of asphalt. An agreement will be executed with CSX for the improvements within their right-of-way. Thermoplastic Striping and Maintenance of Traffic will be provided in accordance with FDOT Standards.

The design plans are included as an attachment (see Exhibit "B") for the DEPARTMENT to review. The parties hereto acknowledge and agree that the design plans for this Project are not yet complete and are subject to review by the DEPARTMENT. Upon final approval by the DEPARTMENT, this Agreement shall be amended to include said plans in the agreement. The parties further agree that the plans will be incorporated into the terms of this Agreement by reference and that the COUNTY hereby approves and delegates to the COUNTY Public Works Director, Scott Cottrell, P.E., the authority to enter into an amendment of this agreement to accomplish said task. No further Board or Council action shall be required to amend this agreement for the sole purpose of incorporating the plans.
