**HISTORY/FACTS/ISSUES:**

On 14 June 2011 Sumter County entered into a 5 year contract (Exhibit A) with CenturyLink for Metro Ethernet services to be provided to 7 Fire Stations and EC Rowell Library.

Station 34/Royal and Station 11/Tricounty are no longer being used by Sumter County Fire Rescue.

Our contract requires 30 days notice of termination and since the stations are being decommissioned, there will be no penalty for early termination. Recommend terminating the Centurylink contracts for Firestation 34 and 11, effective 11/24/2012.
