Re: Tri-County Villages and Villages of Sumter DRI's
Request for S380.06(19)(e)2.1., F.S. Amendment

Dear Aimee:

Please accept this letter and the attached documents as The Villages of Lake-Sumter, Inc.'s request for an (e)2.1. Amendment to the Development Orders for the above referenced Developments of Regional Impact.

We respectfully request at the November 27, 2012 Board of County Commissioners meeting, the Board sets a Public Hearing on these matters for December 11, 2012.

If you have any questions or need additional information, please feel free to contact me at (352) 753-6262 or marty.dzuro@thevillages.com.

Sincerely,

RE: The Villages of Sumter and Tri-County Villages of Sumter Developments of Regional Impact (DRI),
File Nos. ADA-0500-007 and 06-200-007 Non-substantive Modification

Dear Mr. Taylor:

In your letter dated November 16, 2012, you requested a determination of whether a proposed change to the Villages of Sumter and the Tri-County Villages of Sumter DRIs (the Villages) may be reviewed and adopted as a non-substantive amendment to the development order without the need for submittal of a notification of proposed change pursuant to Section 380.06(19), Florida Statutes (F.S.).

The proposed amendment is to the solid waste provisions, which currently limit the Villages' authority to provide solid waste service to the buildout date of the development order. The proposed amendment to the development order would remove this limitation.

Section 380.06(19)(e)2.1, F.S., states that changes which do not create the likelihood of additional regional impacts are not substantial deviations and are eligible for approval as a Section 380.06(19)e.2, F.S., amendment. The Department concurs that the change to the solid waste provision described above is eligible for consideration as a Section 380.06(19)(e)2.1, F.S. amendment. The Department has consulted with the Withlacoochee Planning Council regarding the proposed change.

Therefore, Pursuant to sub-paragraph 380.06(19)(e)2.1, F.S., the proposed change does not require the filing of a Notice of Proposed Change. The County must render the amended Development Order to the Department once it is adopted. Thank you for the opportunity to review this proposed change, if you have any questions regarding this matter, please contact Ana Richmond at (850)717-8509.

Sincerely,

Mike McDaniel, Chief
Office of Comprehensive Planning
