Re: Lady Lake Police Department CAD # 12-03-09230

Dear Jared Stokes:

I would like to take this opportunity to send this simple letter of thanks to you, for the assistance that you provided to my Animal Control Officer on Thursday, March 29, 2012 in capturing a loose dog.

As a result of your assistance, we were able to successfully and safely capture a dog that has been on the loose for the past four days, without injury to the dog and reunite it with its owner. Additionally, our Animal Control Officer was provided with a hands on training session, which will assist her in the future.

Your agency's support, teamwork and display of professionalism, while assisting my department during this incident, has not gone unnoticed and is greatly appreciated.

It is a pleasure to know that the Community Services Division of the Board of Sumter County Commissioners is there, willing to render assistance and unify efforts for the safety of all.

Again, on behalf of the Lady Lake Police Department, Thank You!

Sincerely,

Ed Nathanson
Chief of Police

Cc: Deb Barsel, Sumter County Commissioner
