HISTORY/FACTS/ISSUES:

On April 10, 2012, notification to the Sumter County Board of County Commissioners that Sarasota County, the owner of GovMax, Sumter County's budget software system had terminated its support agreement with MethodFactory effective April 15, 2012. Sarasota County will be providing support in-house with the help of a new software vendor they will contract with.

This amendment to the original agreement with Sarasota County dated September 9, 2008 is being amended to reflect this change in support vendor. Staff recommends approval of this agreement amendment in order for Sumter County to have continued support of its budget software product.
