RE: Professional Geotechnical and Materials Testing Service Continuing Contract Extension

Dear Mr. Stevens,

We are in receipt of your recent renewal offer to implement the first year renewal option of our continuing contract. Nodarse & Associates, Inc. welcomes the opportunity to continue serving the county under the current terms and conditions of our contract agreement which includes a \$5.00 per hour discount on our personnel hourly rates. This most favored client courtesy discount was extended to the county after our original contract was executed and we wish to continue that discount as part of this renewal extension agreement.

Attached for your convenience we have included a copy of our original fee schedule to be utilized during this extension period. The most favored courtesy discount referenced above will be automatically deducted when calculating future task orders.

We appreciate the opportunity to continue working with Sumter County. Should you need any additional information, or if I ever may be of any assistance to you, please don't hesitate to contact me directly.

Sincerely,

Richard G. Acree, P.E., SVP
