Mr. Arnold;

Attached are several items for your review and/or approval. The first is a resolution approving and adopting the previously submitted Local Mitigation Strategy. We have sent the draft copy to the state who approved it and passed it to FEMA.

FEMA has determined that our document is in compliance with federal hazard mitigation planning standards contained in 44 CFR 201/6(b)-(d).

FEMA's formal approval will be issued upon adoption of our LMS by the Board of County Commissioners at an advertised public meeting.

The second attachment is a copy of the letter from FEMA and the third is an executive summary for agenda inclusion. If any of these items need to be changed, we will be glad to make changes or send you our electronic copy for your staff to make changes.

If you have any questions or concerns, feel free to contact me.

Dear Mr. Halstead:

This is to confirm that we have completed a Federal/State review of the Sumter County Hazard Mitigation Plan Update for compliance with the federal hazard mitigation planning standards contained in 44 CFR 201/6(b)-(d). Based on our review and comments, Sumter County developed and submitted all the necessary revisions. Our staff has reviewed and approved these revisions. We have determined that the Sumter County Hazard Mitigation Plan is compliant with federal standards, subject to formal community adoption.

In order for our office to issue formal approval of the plan, Sumter County must submit adoption documentation and document that the final public meeting occurred. Upon submittal of these items to our office, we will issue formal approval of the Sumter County Hazard Mitigation Plan.

If you have any questions or need any further information, please do not hesitate to contact Gabriela Vigo, of the Hazard Mitigation Assistance (HMA) Branch at (229) 225-4546 or Linda L. Byers, Planning Lead Specialist, at (770) 220-5498.

Sincerely,
