HISTORY/FACTS/ISSUES:
The request for proposal document was provided to the Lake County Administrator and Lake County Attorney at our meeting last week in our discussion of the level of service agreement. The process of Sumter County was explained and the level of service components of our document were highlighted as the scope of the change that would be necessary as part of the amendment to the interlocal agreement/bylaws regarding Ambulance services - specifically automatic vehicle locating with visibility of our dispatch operations, coverage areas, response times, and reporting.

The response from the Lake County official was positive and the actions agreed upon have been timely thus far. The desire is to have the final working draft completed by 9/30/10.
