Susan J. Pelz, PE  
Program Manager, Solid Waste  
Southwest District, DEP  
13051 North Telecom Parkway  
Temple Terrace, FL 33637-0926

SUBJECT: Letter of Notification Ref: Operation Permit Number, 126941-005-SO-31, Sumter County Transfer Station

Dear Ms. Pelz:

Pursuant to and in accordance with our discussions on 6 October 2010, the following information is provided to you, as notification of the pending reduced level of operations under this permit at the Sumter County Transfer Station.

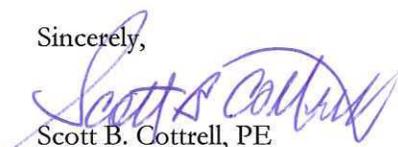

Effective 1 November 2010:

1. Commercial waste haulers will stop hauling to and tipping at our location, and start using Sumter Sanitation in Wildwood, FL or other permitted facilities.
2. Sumter County will continue to provide and service the Citizen's Drop-off Area (CDA) in its current location, with a full time staff of 3 and 2 OPS (temporary) employees.
3. We will cease to use the scale house for in bound and out bound weights, at the transfer facility. Instead we will charge by the bag, barrel, cubic yard, or each, depending on the type of refuse or recyclable we receive. We will receive weight information (tonnage) by types of refuse, after the fact from our out bound haulers.
4. We will install a temporary office trailer at the CDA to serve as the office and cash window.
5. As an interim measure, we may continue to use the tipping floor for handling and reloading residential class 1 waste until a compactor is permitted and installed in the follow on phase. The existing permitted leachate system will remain functional, and continued to be maintained during this interim period.

Additional actions being considered (Phase II) will be reviewed with and permitted by your office before implementation which may include the relocation of the CDA.

My point of contact for this initiative is Jackey Jackson, Assistant Public Works Director (352-793-0240).

Sincerely,

  
Scott B. Cottrell, PE  
Director, Public Works  
Sumter County

Cc: Bradley Arnold, County Administrator  
Jackey Jackson, Assistant Public Works Director  
Jimmy Wise, Senior Equipment Operator
