Mr. Cornelius,

Kimley-Horn and Associates is working with the Florida Department of Transportation on roadway functional classifications.

Please see the attached application forms for changes in functional classification. FDOT proposes to establish the following classification changes:

Buena Vista Blvd (CR 466A to Marion County Line) - 'Not Currently Classified' to 'Urban Collector'

El Camino Real/Morse Blvd (Buena Vista Blvd to US 27/441) - 'Not Currently Classified' to 'Urban Collector'

Morse Blvd (CR 466A to CR 466) - 'Not Currently Classified' to 'Urban Collector'

CR 472 (End of Existing Urban Collector Classification to Buena Vista Blvd) - 'Not Currently Classified' to 'Urban Collector'

At your earliest convenience, please let me know if these changes are acceptable to Sumter County. Once we get your concurrence we will forward the applications to the Lake-Sumter MPO to seek their approval. If you have any questions, feel free to call me at 407-427-1690.

Thank you,

Heather Shapiro, E.I.

Kimley-Horn and Associates, Inc.

***Justification for Proposed Change:**

CR 472 satisfies trip purpose 10 (access to concentrated land use areas) as outlined in the FHWA Urban Boundary and Federal Functional Classification Handbook (FDOT, April 4, 2003). CR 472 is currently classified as a collector beginning at US 301. It is proposed to extend this classification to Buena Vista Boulevard.
