**HISTORY/FACTS/ISSUES:**  
The Florida Department of State, Division of Library and Information Services, requires that each recipient of State Aid to Libraries have in place an approved "long range plan of service adopted or approved by the library's governing body that includes the goals, objectives and activities that will be supported over a five year period." The attached Long Range Plan of Service 2009 - 2014 was developed based upon input received during a series of Community Forums in eight different communities, the Library Supervisors of all eight libraries in the Sumter County Library System, and a selected Long Range Plan committee consisting of seven members from the community. The Long Range Plan was reviewed and approved by the Sumter County Library Advisory Board on September 24, 2009.
