Vice Chairman Garry Breeden  
2<sup>nd</sup> Vice Chairman Doug Gilpin  
Commissioner Richard Hoffman  
Commissioner Randy Mask

Reference: Fiscal Year 2011/2012 Final Budget

Honorable Chairman, Vice Chairmen and Commissioners:

In accordance with the provisions of Chapter 129 and 200 of the Florida Statutes that governs the budget process, the Final balanced budget for Sumter County for Fiscal Year 2011/2012 (FY 11/12), based on property values certified by the Property Appraiser on July 7, 2011 and estimates provided by the State of Florida, is hereby submitted for your review and approval.

The budget is also prepared to meet the adopted Sumter County Financial Policies. Specifically in reference to the General Financial Goals it:

- Maintains the financial viability of the County in order to provide adequate levels of county services to the customers
- Maintains financial flexibility in order to continually adapt to local, regional, state, economic, statutory and demographic changes
- Maintains and enhances public infrastructure in order to provide for the health, safety and welfare of the County's citizens
- Meets the test of all of the comparative analysis of the growth indexes to the growth of the expenditures of the General Fund (less grants, Reserve for Contingencies and Reserve for Cash Balance Forward). As can be seen below, budgeted General Fund expenditures declined by 7.9% from Fiscal Year 2010/2011 adopted budget.

- Sumter County Population Change 2010/2011 (3.4% : -7.9%)  
Population Source – 2010 U.S. Census Data and 2011 estimate from the Bureau of Economic & Business Research at the University of Florida (BEBR).

- Consumer Price Index (CPI) which is viewed as:
  - CPI-W – July 2011 (4.1% : -7.9%)
  - CPI-U – July 2011 (3.6% : -7.9%)
 (Source – U.S. Bureau of Labor Statistics – Unadjusted 12-months ended July 2011)
  
- Per capita Florida personal income for 2011 (1.01% : -7.9%)  
 (Source – U.S. Department of Commerce, Bureau of Economic Analysis)

The proposed growth of expenditures in the General Fund does not exceed any of the growth indices. Sumter County continues to outpace the growth and property value stability of our neighboring counties and the majority of counties in Florida.

The proposed budget provides for the continuation of capital construction projects, increases and decreases in services. Increases in services are associated with the following:

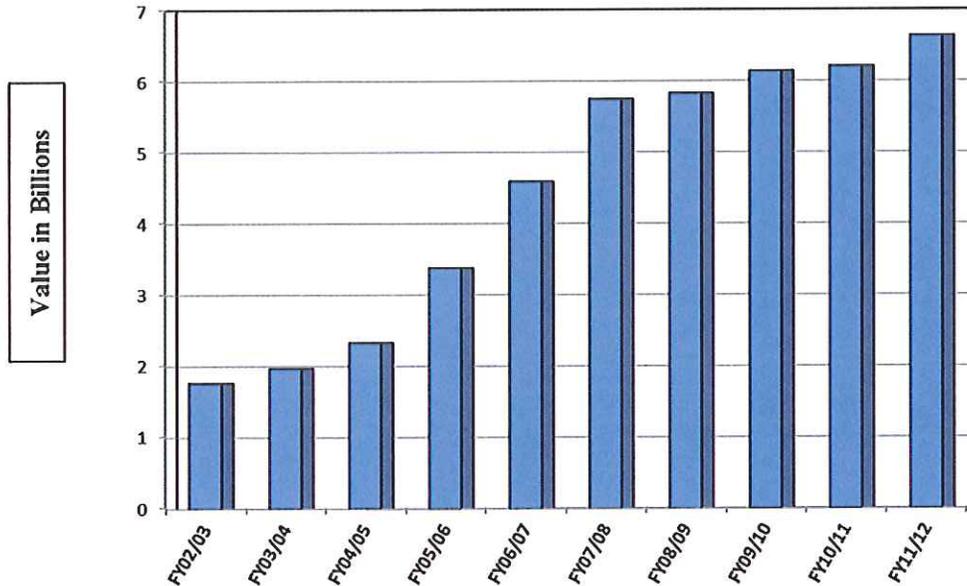

- Ambulance Services (Basic and Advanced Life Support Transport)
- Fire Protection and Emergency Medical Services provided by both the Villages Fire District and the Sumter County Fire District
- Mosquito Control Services (serving pond locations in The Villages)
- Sheriff Traffic Operations

Decreases in services are associated with the following:

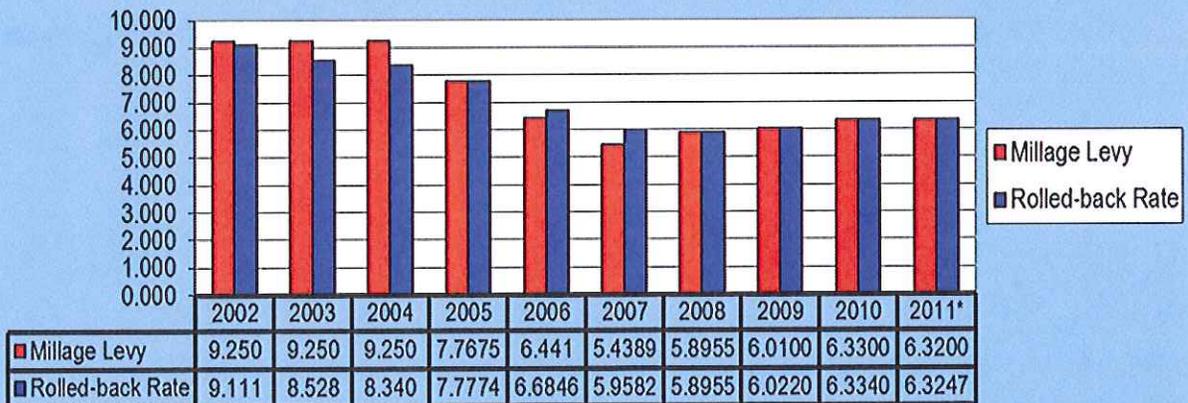

- Housing Services - Section 8 Housing Funding Application and Management will be performed by Citrus County for Sumter County citizens.
- Housing Services – State Housing Improvement Program (SHIP) Funds were eliminated by the State of Florida. The amount of distribution of existing funds will diminish over time.
- Elimination of Cherry Lake Park
- Truancy Services (School Board did not provide the required funding)

The recommended tentative millage rate is 6.32 representing no tax increase. This is the seventh year in a row the County has been able to prepare a budget at or below the projected calculated rolled-back rate and thereby meeting the legal test of no tax increase. Due to the fiscal responsibility Sumter County showed in recent years as well as the continued growth due to the residential and commercial construction focused in or around The Villages, service levels were only impacted as noted above. It is due to the decline in existing taxable property values that the rolled-back rate is higher than the millage rate set last year; however, new taxable property was added to the overall value and it provided the necessary funds, coupled with areas of reduced recurring expenditures that allow for the continued level of service. The Truth in Millage (TRIM) legislation once again allows a simple majority to approve the rolled-back rate.

### County Taxable Value Growth

### Sumter County Millage Rate History

Year of Tax Levy

\* 2011 is Proposed Rate

The budget increase/decrease by fund type is outlined below:

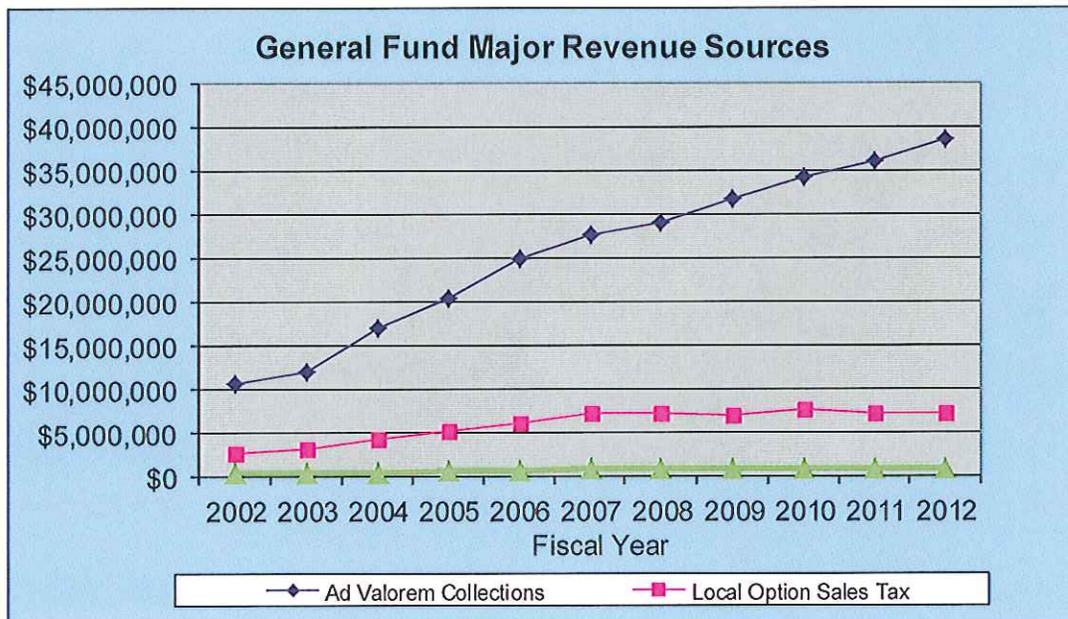

Fund Title	FY 10/11	FY 11/12	Increase/ Decrease
	Amended Budget*	Proposed Budget	
General Fund	69,948,263	69,243,426	-1.01%
Special Revenue Funds	64,121,812	62,028,597	-3.31%
Debt Service Fund	7,013,978	5,979,470	-14.75%
Capital Projects Funds	16,108,092	11,641,190	-27.73%
Internal Services Funds	9,034,979	8,788,106	-2.73%
Health Trust	655,479	656,040	0.09%
<b>Total of All Funds</b>	<b>166,882,603</b>	<b>158,336,829</b>	<b>-5.14%</b>

\*amended as of July 31, 2011

## GENERAL FUND

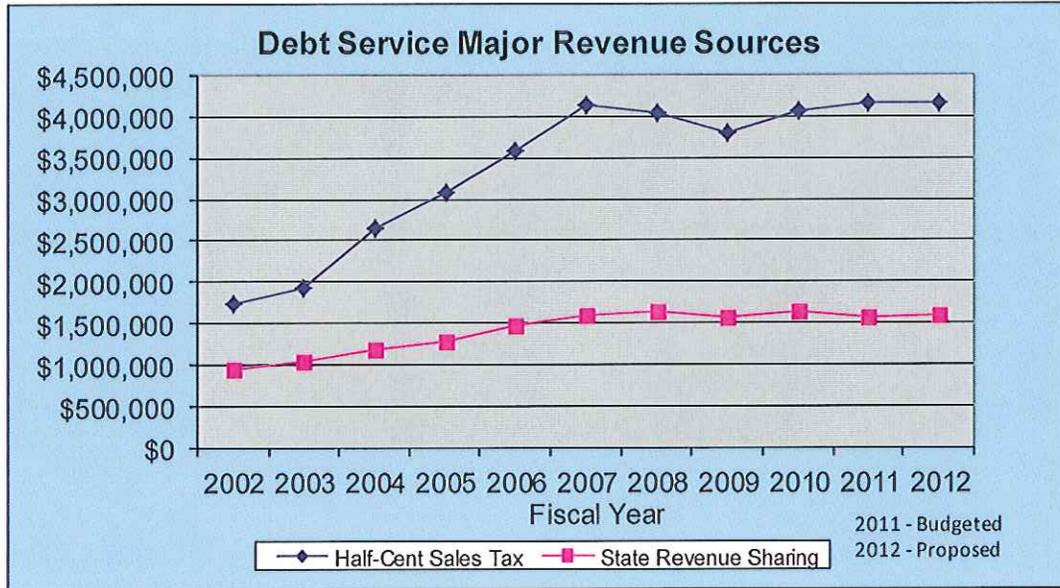

### Projected Revenues

Approximately 54 revenue sources comprise the total projected revenue for the General Fund for FY 11/12. The largest single revenue source is derived from property taxes (Ad Valorem). The other revenue sources include local option sales tax, intergovernmental transfers, charges for services, and other sources. The total projected General Fund Revenue for FY 11/12 is \$69,243,426, a decrease from the FY 10/11 amended budget by \$704,837. The proposed budget for FY 11/12 is balanced using the unreserved fund balance (cash balance forward) of \$15,900,000 which is \$1,918,418 less than the amended FY 10/11 budget. It should also be noted that the cash balance forward cannot be considered a recurring revenue source. The 2011 proposed Property Tax Levy accounts for \$38,607,790 or 56% of all General Fund Revenue. The only major increase in estimated revenue for the General Fund is Ad Valorem at \$2,642,950.

**DEBT SERVICE FUND:**

The half-cent sales tax and state revenue sharing revenue are pledged to the 2003 and 2006 bond debt service. When there is a surplus after satisfying the bond debt payments, the excess is transferred to the General Fund.

**GENERAL FUND**

*Projected Expenditures*

The Sumter County Financial Policies are specific in regard to the budgeting of the Reserve for Contingencies and the Reserve for Cash Balance Forward (also known as Cash Balance Forward or Unreserved Fund Balance). The Proposed FY 11/12 budget has the Reserve for Contingencies in excess of the minimum 5.00% of the General Fund Operating Budget at \$5,889,274 or 8.51% but below the maximum of 10.00%. The basis for the amount of Reserve for Contingencies is to provide funds for unforeseen circumstances such as weather events.

A separate reserve for economic development incentives was established to set the funding appropriation limit as well as to support the Sumter County Schedule of Incentives adopted by the Sumter County Board of County Commissioners (BOCC) on June 22, 2010. The amount of this reserve is \$100,000.

A separate reserve to mitigate the Governmental Standards Accounting Board (GASB) Statement 45 was established per the adopted amendment to the financial policy on June 22, 2010. The funding proposed in this reserve is an increase beyond the “pay as you go” mitigation of the liability due to other post-employment benefits (OPEB) other than pension transactions, including the amount paid or contributed by the government. Post-employment healthcare benefits are the most common form of OPEB and a very significant financial commitment. Funding of the benefits is not required; however, the mitigation of eliminating the insurance premium subsidy at retirement for all new personnel hired after September 30, 2009 regardless of retirement date was approved by the BOCC on July 28, 2009. The amount of this reserve is \$289,000.

The Sumter County Financial Policy requires a minimum of two (2) months cash flow (16.67% of the General Operating Budget) in the area of the Reserve for Cash Balance Forward (RCBF) for each fiscal year. The amount needed to meet this requirement for FY 11/12 is \$9,152,358; however, the policy does provide for a recovery to this amount by requiring an increase of 0.50% of the RCBF per year until the requirement is reached. This is the course taken in each of the recent past fiscal years and is proposed for FY 11/12. The Reserve for Cash Balance Forward (RCBF) for the Adopted FY 10/11 Budget was \$7,635,000 (via formula (RCBF/ (General Fund Total Operating Expenditures – RCBF – Reserve for Contingencies)) or 14.68% (1.76 months of cash flow). Based on the progress in FY 10/11 and the recovery rate, the proposed RCBF for FY 11/12 is \$8,440,000 required to increase to 15.4% (1.85 months of cash flow); therefore, the proposed RCBF amount exceeds the recovery minimum. The secondary benefit of increasing the Reserve for Cash Balance Forward is to reduce the fluctuation due to and reliance on Cash Balance Forward as a one-time operating revenue source proposed for FY 11/12 as \$15,900,000.

A Cost of Living Allowance (COLA) increase is included in the amount of \$853,000 for employees of the Board of County Commissioners and Constitutional Officers. Due to limited participation by the Constitutional Officers and the most significant effort by the BOCC in reducing its operations through re-organization and privatizing services allows for sufficient funding to provide the desired goal of 3.29% increase to employees. This provides a full recovery of the BOCC financial policy for the provision of COLA increases for employees.

Benefit changes implemented October 1, 2010:

- Increase in health plan premiums for regular full-time employees from \$10.00 to \$20.00 per month
- Increase in health plan premiums for dependent coverage by 15%
- Remove long-term disability from (employer paid) health plan and offer as voluntary benefit

Benefit changes that will be implemented October 1, 2011:

- Increase in health plan premiums for regular full-time employees from \$20.00 to \$30.00 per month
- Increase in health plan premiums for dependent coverage by 7.1%

During the budget process, departments were asked to justify their proposed expenditures. The budget contained herein provides a 5-year operational budget (Proforma), a summary comparison to FY 10/11; and a detailed line item budget. These details include the salary and benefit information for each BOCC employee for transparency purposes with the public. A 5-year Capital Improvement Plan/Budget is also provided. The three main expenditure components of the proposed budget are personnel, operations and capital. Significant changes in these three components for fund including the General Fund are outlined in the respective heading.

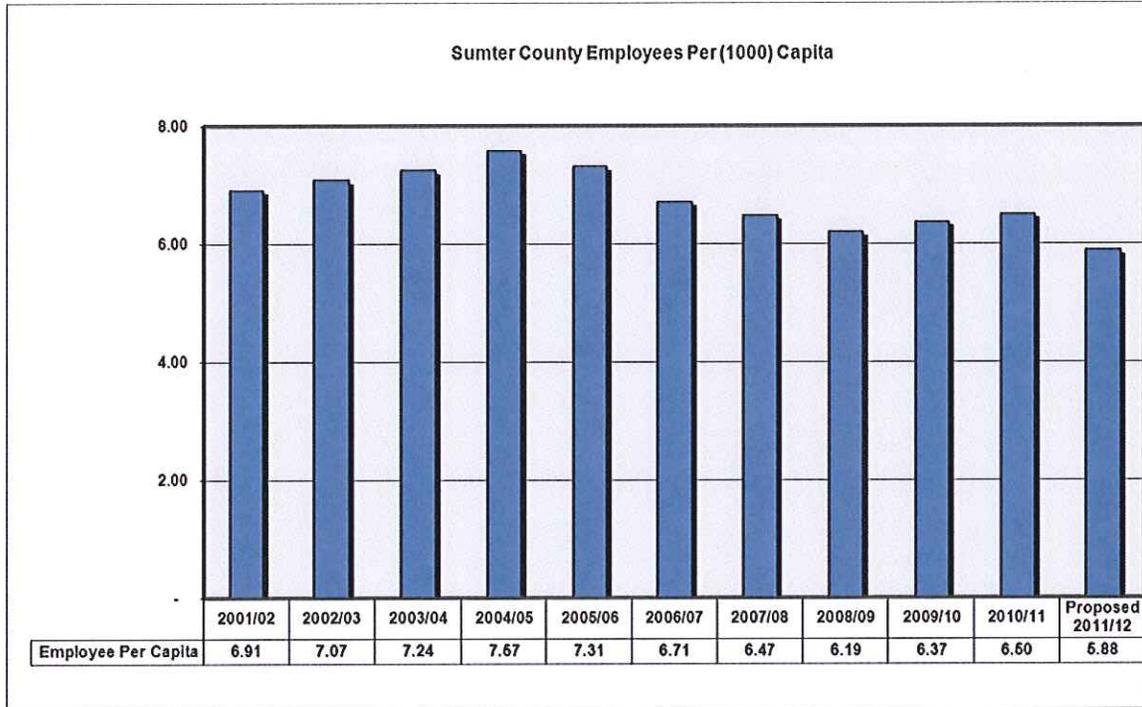

### Personnel:

In all, FY 11/12 funds compared to that of the adopted FY 10/11 funds, there is a net decrease of 32 positions for the BOCC and a net decrease of seven positions for the Sheriff. All other Constitutional Officers remain constant. Please note that several of the decreases in positions were determined and implemented during FY 10/11; therefore, the decrease of the BOCC positions proposed for FY 11/12 compared to the amended FY 10/11 budget is 19 positions. These changes include the BOCC resuming its direct responsibility of emergency management resulting in an increase of two positions for the BOCC and a decrease of four positions for the Sheriff (one transfer and three reductions in force (RIF) as of October 1, 2011.

The single largest operational expenditure in a local government's budget is its personnel, which includes employee salaries and benefits. Excluding the Constitutional Officers, the total FY 11/12 budget includes 197 BOCC positions similar to FY 02/03. The FY 11/12 budget includes 11

positions with the Supervisor of Elections which is the same as funded in FY 02/03, 56 positions with the Clerk of Circuit Court which is the same as FY 05/06, 19 positions with Property Appraiser which is the same as FY 06/07, 25 positions with two OPS with Retirement with the Tax Collector which is the same as FY 09/10, and 260 positions with the Sheriff similar to that of FY 09/10.

Sumter County Employee per 1000 persons of population per year comparison is at a level below the 1995 benchmark:

The following position changes (elimination of positions, addition of positions, and pay range changes both increases/decreases) are recommended:

**Board of County Commissioners (BOCC):**

The BOCC made several changes to its organization during FY 10/11 that are referenced below in an effort to provide the connection and overview purpose related to those additional changes proposed for FY 11/12. A comprehensive review of the pay ranges for the BOCC occurred in conjunction with the reorganization efforts implemented in FY 10/11 and further proposed for FY 11/12.

**Solid Waste**

During FY 10/11, the transition of operating a solid waste transfer station to that of only operating a citizen solid waste drop off location occurred. This resulted in the elimination of the Operations Coordinator Position (Pay Range 20), a Senior Equipment Operator Position (Pay Range 19), a Staff Assistant III (Pay Range 17), and an Equipment Operator I Position (Pay Range 14) and the addition of two OPS positions. Due to the length of use of the OPS positions, they are noted but not included in the overall count of positions as part-time with limited benefits. Further with the re-design, relocation, development, and change in days/hours of operation of the new citizen drop off area, these positions may not be required once it opens. The net impact was the reduction of four positions.

Administrative Services/Employee Services/Financial Services and former Risk Management

During FY 10/11, the BOCC approved the elimination of the Risk Management Department and those services being adsorbed by Employee Services (formerly Human Resources) and Financial Services with an overall net impact of the reduction of two positions. The changes in this approval required the elimination of the Risk Manager Position (Pay Range 28) and the Employee Benefit Specialist Position (Pay Range 19). It also added a position of Financial Services Coordinator Position (Pay Range 24), and provided for increases in pay ranges and job description/title changes as follows: Financial Services Manager Position (Pay Range 28 to a Pay Range 32), Fees & Assessments Coordinator Position (Pay Range 23) to Financial Services Support Specialist Position (Pay Range 17), Human Resources Manager Position (Pay Range 28) to Employee and Administrative Services Manager Position (Pay Range 32), Human Resources Specialist Position (Pay Range 18) to Employee Services Specialist Position (Pay Range 19), Risk Management Specialist Position (Pay Range 17) to Employee Services Specialist Position (Pay Range 19), and Staff Assistant I Position (Pay Range 13) to Staff Assistant III Position (Pay Range 17). Additionally, with the retirement of the Assistant County Administrator (Pay Range 37) on July 31, 2011, the recommendation is to eliminate this position in exchange for the increase in redundancy at the department and division levels.

Information Technology

During FY 10/11, the BOCC approved the privatization of the Information Technology (IT) services. The overall net impact was the reduction of two positions. The changes in this approval required the elimination of both IT Support Technician Positions (Pay Range 21) and the IT Systems Coordinator Position (Pay Range 23). It also provide for the additional position of IT QA/QC Contract Manager Position (Pay Range 24) that will report directly to the Planning & Development Division Director Position (although still allocated to the IT Department) to manage the IT services for Sumter County BOCC and any consolidated services as provided with the Supervisor of Elections and proposed with the City of Wildwood.

Geographic Information System (GIS)

During FY 10/11, the GIS Department was eliminated and the positions were distributed as follows: Senior GIS Technician Position (Pay Range 20) proposed to change to GIS Technician Position (Pay Range 17) was relocated to the Road & Bridge Department, the GIS Technician Position (Pay Range 16 proposed to change to Pay Range 17) was relocated to the Planning Department, and the GIS Coordinator Position (Pay Range 29) remained vacant and therefore is proposed to be eliminated. The net impact result is the elimination of the GIS Department and a net reduction for the BOCC of one position.

Road & Bridge/Facilities Maintenance/Facilities Development

During FY 10/11, the BOCC approved the changes to the Public Works Division which consisted of the shift of the Facilities Maintenance Department to this Division and the Maintenance Supervisor reporting to the Assistant Public Works Director – Operations Position. Due to the shift of the Project Manager Position, Senior GIS Technician Position (Pay Range 20) proposed to change to GIS Technician Position (Pay Range 17) and the increased management of contracted engineering work, the Staff Engineer Position (Pay Range 23) was changed to the Assistant Public Works Director – Engineering Position (Pay Range 33). This change also provided for the redundancy in the qualifications for the Public Works Division Director related to the engineering degree level and the license as a Professional Engineer. Finally, for FY 11/12, it is proposed that the Maintenance Technician Position (Pay Range 15) be changed to a Mechanic Position (Pay Range 17) and two Staff Assistant II Positions (Pay Range 15) be changed to Staff Assistant III Positions (Pay Range 17). Due to consistency across the BOCC pay and compensation plan the Administrative Coordinator Position (Pay Range 28 will change to a Pay Range 24). The net impact of the changes is an increase of one position.

### Housing

With the elimination of the State Housing Improvement Program funds effective July 1, 2011 and the change of Section 8 Housing management from Sumter County to Citrus County, the Housing Department is proposed for elimination. The resulting impact is the elimination of the Housing Services Manager Position (Pay Range 27) and the Housing Assistant I Position (Pay Range 16). The Assistant Housing Manager Position (Pay Range 23) is proposed to be relocated to the Planning Services Department and the job description will change to Housing Coordinator Position (Pay Range 19). The net impact will be the reduction of two positions.

### Building Services/Code Compliance

During FY 10/11, the BOCC approved the job description changes and associated pay ranges for the Building Official Position (Pay Range 33 to Pay Range 32), Standard Building Inspector Position (Pay Ranges of 24, 25, 26, 27, and 28 to Pay Range 26), and Standard Building Plans Examiner Position (Pay Ranges of 25, 26, 27, 28, and 29 to Pay Range 26). These changes better reflected the market conditions as well as the integration of the required licenses within the job descriptions rather than providing additional incentive for obtaining them. The proposed FY 11/12 overall net impact will be the reduction of three positions as the budget does the combining of the Building Support Technician Positions (Pay Range 16) with the Planning Technician Positions (Pay Range 16) into the Development Technician Positions (Pay Range 17). By doing so the duties of the Licensing/Code Enforcement Coordinator Position are assumed by the Development Technician Positions. Due to the allocation of time related costs the number of Development Technician Positions assigned to this Department is three and one half (3.5) in lieu of the previous four. Further, the Development Coordinator Position (Pay Range 25 proposed to change to Pay Range 26) has a quarter (0.25) position allocated for this Department. This allows the elimination of the Licensing/Code Enforcement Coordinator Position (Pay Range 17). The proposal also allows for the elimination of the Chief Plans Examiner Position (Pay Range 30), and one Standard Building Inspector Positions (Pay Range 26) due to further privatization of building inspections. The net impact is the reduction of three and a quarter (3.25) positions.

### Planning Services

During FY 10/11, the relocation of the GIS Technician Position (Pay Range 16 proposed for Pay Range 17) occurred. The Assistant Housing Manager Position (Pay Range 23) change to Housing Coordinator Position (Pay Range 19) will result in the Housing Coordinator Position reporting to the Planning & Development Division Director Position and it being located in Planning Services. The Development Coordinator Position will provide supervisory responsibilities for the Development Technician Positions in both the Planning Services and Building Services/Code Compliance and is therefore proposed to change pay ranges (Pay Range 25 to a Pay Range 26). Also due to the cost allocation between the two departments, the Development Coordinator Position is allocated as three-quarters (0.75) position in this department. Likewise the Development Technician Position time has an allocation of three and one half (3.5) positions in this department. Due to the increased responsibilities the Office Assistant I Position (Pay Range 10) is proposed to be changed to Staff Assistant I Position (Pay Range 13). Finally, to further the need in the small bureaucracy of Sumter County BOCC, redundancy at the department and/or division level is paramount. For this reason and the potential for more support being provided for economic development purposes, an Assistant Director of Planning & Development Services Position is proposed (Pay Range 26). The net impact for this department is an increase of five and a quarter (5.25) positions.

### Parks

With the elimination of Cherry Lake Park, the amount of travel time reduces dramatically to the point that the Parks Groundskeeper Position (Pay Range 10) can be eliminated. To provide redundancy and consistency in the level of maintenance services of the parks the Parks Caretaker Position (Pay Range 11) is proposed to change to Parks Technician Position (Pay Range 17). The net impact is a reduction of one position. The position title of Parks Crew Leader is changed to Parks Coordinator to provide job description consistency within the organization.

### Mosquito Control

Due to the full measurement of the impact from the consolidation of mosquito control services from the City of Wildwood and the additional services of the pond locations in The Villages, an additional Mosquito Control Technician Position (Pay Range 13) is recommended. The net impact is an increase of one position.

### Veteran Service Office

Due to the responsibilities and consistency across the pay and compensation plan the Office Assistant I Position (Pay Range 10) is recommended to change to a Staff Assistant I Position (Pay Range 13) and the two Veterans Counselor I Positions (Pay Range 14) will be changed to Veterans Counselor Position (Pay Range 15). There is no net impact change.

### Misdemeanor Probation

It is anticipated that this service will be privatized during FY 10/11 which would result in the elimination of this department and the contract being managed directly by the Community Services Director. Therefore, the elimination of one Staff Assistant I Position (Pay Range 13), one Staff Assistant II Position (Pay Range 15), two Probation Officer Positions (Pay Range 20), and the Program Coordinator Position (Pay Range 23) would occur. The net impact is a reduction of five positions.

### Animal Control

Due to the increase in kennel and field operations, customer contact at the office and from telephone is inconsistent. The recommended solution is the addition of a Staff Assistant I Position (Pay Range 13). To provide consistency across the pay and compensation plan the Animal Control Officer Position (Pay Range 13 will change to Pay Range 14), the Kennel Coordinator Position (Pay Range 15 will change to Pay Range 16), and the Animal Control Officer Coordinator Position (Pay Range 17 will change to Pay Range 19). The net impact is an increase of one position.

### Transit

Based on actions of the BOCC during FY 10/11, transit operations will be privatized effective October 1, 2011. Due to this, the courier operation that moves documents internally throughout the organization will transfer to Library Services. Further the following positions will be eliminated: One Office Assistant Part time Position (Pay Range 10), 13 Driver I Positions (Pay Range 10), 1 Driver II Positions (Pay Range 11), three Clerk/Driver I Positions (Pay Range 12), two Team Leader Positions (Pay Range 17), and one Transportation Clerk Position (Pay Range 15). The Office Supervisor Position (Pay Range 17) will change to a Contract Support Specialist Position (Pay Range 16) and the Transit Manager Position (Pay Range 25) will change to a Transit Contract Manager Position (Pay Range 24). The net impact is a reduction of 22 positions.

### Library Services

Due to the increased use of the libraries, movement of library materials, to provide for redundancy in coverage, and to prepare for the future retirement of the Library Services Manager, it is recommended that the Courier Position (Pay Range 9) be located in Library Services, two Library Assistant Positions (Pay Range 11) change to Assistant Library Supervisor Positions (Pay Range 14) to serve the Pinellas Plaza Branch and back up support to the other branches, and an Assistant Library Services Manager Position (Pay Range 26) be added. The net impact is an increase of two positions.

### Sumter County Fire & Emergency Medical Services

Effective October 1, 2011 the basic life support (BLS) and advance life support (ALS) transport service (Ambulance) will be provided by Rural/Metro. The contract for the ambulance service will be managed by Sumter County Fire & Emergency Medical Services (EMS) Division. Further, the contract provides for fire dispatch services and therefore the five fire dispatchers provided by the

Sheriff's Office are no longer required. The Sumter County Fire & EMS Division is embarking on a full and professional combination-type operation as well as committing to response times rather than simply reporting what the past response averages were. To this end, it is critical to provide the additional support of managing the Full Time and Reserve personnel and to provide consistency in the structure of the organization where the differences between Full Time and Reserve personnel are minimized. The prior Reserve rank structure was eliminated. Proposed is the addition of three Reserve Lieutenants (Rank versus Position) that will have the same requirements for selection as the three proposed full time Lieutenant Positions (Pay Range 15), but due to the Reserve status those filling the position will be paid a higher per call rate than the Reserve Firefighters. Please note that the pay range appears low for the full time Lieutenant Positions, but considers the greater than 40 hour work week. The three Shift Commander Positions (Pay Range 25) are proposed to change to Battalion Chief Positions (Pay Range 26) to recognize the additional responsibility in the positions and for consistency with the pay and compensation plan. Due to privatization of the fleet maintenance within this Division the Firefighter/Maintenance Position is proposed to be eliminated. Due to the regular part time use of an OPS position, a new Staff Assistant I (PT) Position (Pay Range 13) is proposed. Finally, the addition of the Deputy Chief Fire Marshal Position (Pay Range 32) is proposed to fulfill the implementation of the BOCC adopted Fire Prevention Ordinance and provide oversight of the Safety program for the Division. This position will be in addition to the existing Deputy Chief Operations Position (Pay Range 32) that provides for the direct fire protection, BLS, and ALS operations as well as training, and the Deputy Chief Administration Position (Pay Range 32) which provides the logistics management, communications management, personnel processing, data management, budget management, and ambulance contract management for the Division. The net impact is an increase of four positions.

### **Sheriff:**

#### **Truancy/School Resource Officer**

The Sheriff and BOCC contract with each of the School Board and The Villages Charter School for the Sheriff to provide School Resource Officers (SRO) to their facilities. Three SROs will be assigned to the School Board for presence at the South Sumter Middle School, South Sumter High School, and Wildwood Middle/High School. One SRO will be assigned to The Villages Charter Schools. The School Board did not provide the funding of the proposed contract for Truancy Officers; therefore, the two Deputy Positions assigned for this function will be eliminated.

#### **Law Enforcement/911 Fund**

With dispatch services for Fire/EMS occurring via the contract with Rural/Metro effective October 1, 2011, five dispatch positions can be eliminated. The Sheriff is adding four Traffic Operations Deputies to meet the demand of continued growth of traffic calls as well as to mitigate the impact of the limited presence of the Florida State Patrol in Sumter County. The focus of the new positions to traffic calls will free up other personnel to handle more serious crime.

#### **Emergency Management**

The BOCC has the statutory responsibility to provide Emergency Management Services. During FY10/11, the BOCC approved the transfer of this responsibility to the BOCC effective October 1, 2011. For nine years, the service was delegated to the Sheriff's Office. There are currently four positions under the Sheriff devoted to Emergency Management. As of October 1, 2011, two positions will be added to the BOCC forming the BOCC Emergency Management Team. The four positions under the Sheriff will be eliminated.

### **Operations:**

#### **Sumter Fire District Fund**

The General Fund Transfer to the Sumter Fire District Fund is \$2,100,000. On August 23, 2011, the BOCC approved the assessment rate at \$106.00 per year per improved parcel. Please note that the

ambulance contract is now paid from this fund rather than a separate line item within the General Fund. The Public Safety Radio System will be managed in the future by the Fire & EMS Division and/or BOCC Emergency Management. This fund, in the near future, will be the point for the payment of the maintenance of the system that is ultimately established in Sumter County to meet the Federal Communications Commission (FCC) narrow-banding requirements for public safety frequencies. The effort to select, contract, and oversee the implementation of the new public safety radio system will proceed in 2011 with the development of a request for proposals, its solicitation, and evaluation of proposals that are received. It is intended that the infrastructure and equipment construction will occur during FY 2012/2013. The dissolution of Lake Sumter Emergency Medical Services, Inc. (LSEMS) is contractually bound to occur by October 1, 2011. The assets of LSEMS will ultimately be divided between Sumter County and Lake County. The proceeds from the dissolution are not defined in the FY 2011/2012 budget; however, it is anticipated that those proceeds be allocated to the Capital Outlay Reserve to support the funding of the Public Safety Radio System. Finally, in a similar manner that performance measures for response time were required in the ambulance contract with Rural/Metro, the Sumter Fire District is committing to response standards and are noted specifically in the performance measure documents within the budget documents.

#### Villages Public Safety Fire District Fund

The General Fund Transfer to the Village Public Safety Fire District Fund is \$1,739,884. On August 23, 2011, the Sumter County Board of County Commissioners (BOCC) approved the assessment rate at \$81.00 per year per improved parcel. The basis for the General Fund increase is directly attributable to the full staffing of Station #7 (Morse Boulevard and C-466). It is anticipated that an increase in fire assessment rate for this district will be required as early as FY 12/13 to accommodate the full staffing of the final Villages Public Safety Fire Station #6 (Buena Vista and C44A). A contract between The Villages Center Community Development District and BOCC is being developed that will extend to 2020 for the provision of services by The Villages Public Safety Fire Department beyond The Villages development boundaries. The services proposed in the contract will be unified fire prevention/fire inspections under the Sumter County Deputy Chief – Fire Marshal position, unified emergency management under the Sumter County Deputy Chief – Fire Marshal position, fire protection and emergency medical services (non-transport basic and advanced life support) to areas beyond The Villages development boundaries, and automatic aid to structure fires within defined response areas of the Sumter County Fire & EMS Division. Finally, in a similar manner that performance measures for response time were required in the ambulance contract with Rural/Metro, The Villages Fire District is committing to response standards and is noted specifically in the performance measure documents within the budget documents.

#### Mosquito Control

Operations will now include servicing of the ponds in The Villages. It is noted that the State of Florida reduced its annual funding support for the provision of mosquito control to all of the local jurisdictions including Sumter County from \$35,000 to \$18,396.

#### Stormwater Fund

Additional General Fund subsidy is planned in future years to plan and execute improvements in the stormwater infrastructure of Sumter County. The initial process will be to inventory and identify priority improvements as well as to meet the future federal Clean Water Act requirements promulgated through the National Pollutant Discharge Elimination System (NPDES).

#### Building Services Fund

Due to continued privatization efforts, online permitting, and streamlining the administrative support, the residential building permit fees are recommended to be reduced by 25% starting October 1, 2011. These fees would apply for the unincorporated areas and the City of Wildwood only per the Interlocal Service Boundary Agreements.

### Transit

The Florida Legislature passed sweeping reform of the Medicaid program in 2011, which will likely impact Medicaid transportation services provided by the BOCC as the Community Transportation Coordinator (CTC). Transportation is a mandatory Medicaid service currently being coordinated by the Agency for Health Care Administration (AHCA) through a legislated relationship with the Commission for Transportation Disadvantaged (CTD) and its network of CTC's. CTD is no longer the named coordinator for Medicaid transportation; therefore, the local CTC is no longer ensured of remaining the provider of this service when Medicaid reform is implemented through Managed Care Organizations (MCO). The timeline for full implementation of the 2011 Medicaid reform is scheduled for October 2014. Federal waivers are required to fully implement the Medicaid legislation, and the State is moving forward with the submission of needed waivers.

The contract for July 1, 2011-June 30, 2012 between BOCC /CTC and CTD was reduced by 4.8 percent (\$11,070) from the previous year. Medicaid transportation requires no local match. Medicaid funding supports approximately 20 percent of the transit services provided by Sumter County. The BOCC has been designated the CTC for Sumter County through June 2013. By then, the plan for implementing Medicaid reform and the position on the CTD and the CTC network should be clear.

### Economic Development

The use of the term "economic development" is very broad and is provided in many of the basic services of the BOCC such as road, fire prevention/protection, etc. The specific marketing of Sumter County, whether it is marketing tourism or supporting existing industry or marketing to recruit new industry, needs to be a focused and successful effort. To that end, The Villages expressed its willingness to partner, by contract, with the BOCC to support this function.

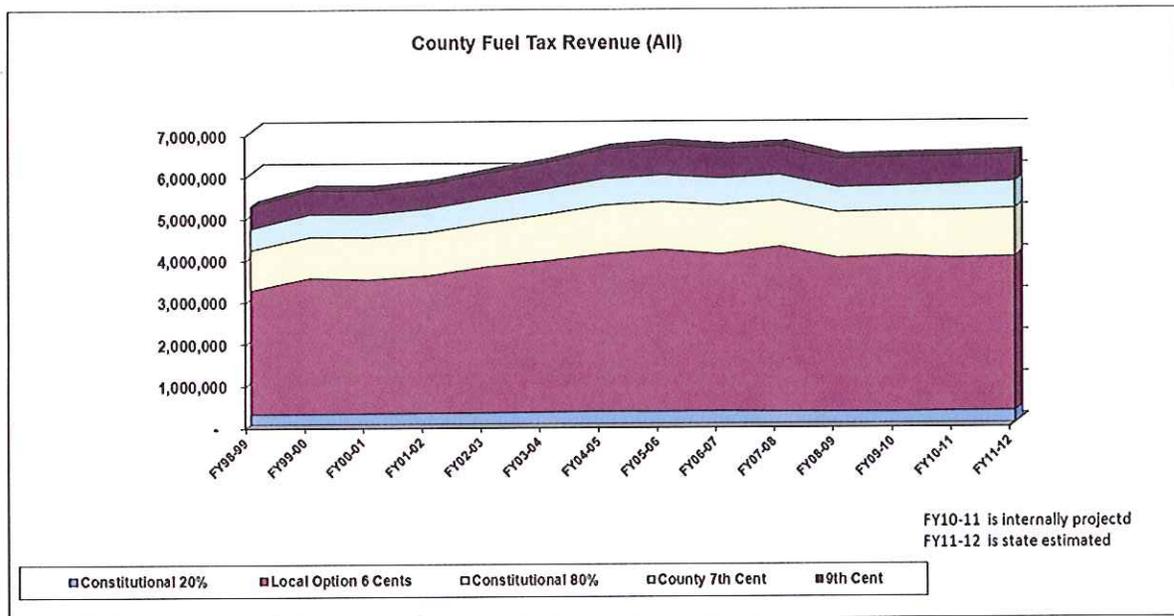

### Clerk of Circuit Court – Courts

Beginning in 2004, the Clerk of Circuit Court's court budget was changed to a fee based budget under the State of Florida pursuant to Article V. Because the court budget was operating at an amount higher than the state imposed cap, the BOCC supplemented the Clerk of Circuit Court's court budget by funding health insurance cost for court employees at the level the County provided. The FY 11/12 budget includes the funding of \$268,337 to support this cost. There is no statutory requirement for the BOCC to fund this portion of the request. The state funds are spent to the limit of the state cap and any unused County funds are returned to the BOCC at the end of the fiscal year. It is recommended that the BOCC take a position with the State of Florida Governor and Legislature to rectify their responsibility to the court system as early as the next legislative session. If nothing is rectified, then the BOCC should consider eliminating this non-statutory support for FY 12/13.

County Transportation Trust Fund (CTT)

CTT suffers in its primary revenue stream of gas tax revenues due to the fact that it significantly lags behind the demand curves from road usage and associated population growth. As noted in the graphic below the gas taxes maintained a flat to shallow growth that is due in part to the internal capture ratio of The Villages, more fuel efficient vehicles, and the decline in visitors to Florida. With the modifications to the capital improvement portion of the financial policies, clarification was provided related to the definition of capital projects but more specifically resurfacing. Secondary Trust Fund (ST) will be available to make the capacity and resurfacing improvements needed on the backlog of non-road impact fee funded roads. The larger capacity improvement projects will occur in the Road Impact Fee Fund. The Pavement Management Program that annually evaluates the actual condition of the road coupled with type of treatment for lifecycle cost purposes also provides a recommendation for prioritization of work on the roads.

**Capital:**

Capital expenditures are found predominantly in the following funds: Capital Outlay Reserve Fund, Bond Construction Fund, Boating Improvement Fund, County Transportation / Secondary Trust Funds, Road Impact Fee Funds, Stormwater and Fire Impact Fee Funds. The highlights of the FY 11/12 significant funds are listed below:

**Capital Outlay Reserve Fund (Fund 305)**

Projects funded in the Capital Outlay Reserve Fund are scheduled in the Board's Capital Improvement Plan from contributions from General Fund, Court Improvement Fund, Sumter County Government Building Fund and other revenues to fund the projects. Due to the time sensitive nature to implement the new Public Safety Radio System, it is possible that an expedited process may require an amendment to this fund during FY 11/12; however, since the design and request for proposals has yet to begin, it is not proposed for funding at this time.

<b>Project Description</b>		<b>FY 11/12 Budget</b>
<b>Emergency Response Apparatus</b>	Fire Apparatus	\$490,000
<b>Fire Station Expansion</b>	Lake Panasoffkee Fire Station	\$450,000
<b>Health Department Generator</b>	Bushnell Administration and Clinic Facility	\$150,000
<b>Historic Courthouse Renovation</b>	Renovation; Includes Signage	\$4,000,000
<b>Jail Corrective Action</b>		\$425,000
<b>Citizens Drop-off Area/Animal Control Joint Use Facility</b>	New Construction/Lake Panasoffkee	\$1,016,376
<b>Public Work Motor Pool Material Storage Barn</b>	New Construction	\$50,000
<b>Transit Building Renovation for P&amp;D</b>	Renovation	\$40,000
<b>FY 2011/2012 Funding Total</b>		<b>\$6,621,376</b>

**Bond Construction Fund (Fund 307)**

<b>Project Description</b>		<b>FY 11/12 Budget</b>
<b>1988 Jail Renovation</b>	Addition of a criminal courtroom, public secure access, and modifications of spaces vacated to the new jail area.	\$1,372,119
<b>FY 2011/2012 Funding Total</b>		<b>\$1,372,119</b>

(Road Projects) County Transportation Trust (CTT)/Secondary Trust (ST)/Road Impact Fee Funds  
This budget contains the following significant road projects through County Transportation Trust (CTT), Secondary Trust (ST), Small County Outreach Program (SCOP), Small County Resurfacing Program (SCRAP), Road Impact Fees and other grant revenues:

Fund	Project	Description	FY 11/12 Budget
ST	C-469 from C-48 to SR 50	Resurfacing and base rehabilitation of the existing roadway; 2' paved shoulders added	\$2,138,000
ST	C-466 from CR209 to C-475	Resurfacing and/or full depth reclamation over existing roadway; 2' paved shoulders added	\$1,200,000
ST	Various Roads	Increase Value via reconstruction and additions such as shoulder additions in conjunction with resurfacing per the Pavement Management priority list	\$3,034,583
CTT	C-470 SCRAP	Mill and resurface C-470 from west of I-75 to CSX right-of-way	\$211,000
CTT	C-673 SCRAP	Rehabilitate CR 673 by widening the existing substandard lane width to 12' travel lanes; 2' paved shoulders added	\$380,000
CTT	Langley Turn Lanes	Left turn and right turn movements at the intersection of US 301 and new road proposed along the north property line of the Langley Medical Center	\$417,775
CTT	Various Roads	Treatment, Overlays, and other Resurfacing activities based on the Pavement Management priority list	\$145,475
Road Impact Fee	C-462	C-462 from US 301 to C-466A; Expand current roadway with dual turn lanes, paved shoulders and drainage improvements	\$600,000
Road Impact Fee	C-468	C-468 Four Lane from SR 44 to the Turnpike; Multi-laning of C-468; Existing 2 lane roadway will be expanded to 4 lanes with drainage	\$3,700,000
Road Impact Fee	C-470	TG Wetland Mitigation; Construct earthen berm and outfall structures	\$157,000
Road Impact Fee	C-462	C-462 – CR209	\$800,000
Road Impact Fee	C-468	C-468 Turnpike Interchange; Construct interchange	\$1,000,000
Road Impact Fee	C-466	C-466 from CR 209 to US 301; Construction plans and acquisition of right-of-way	\$728,120
Road Impact Fee	C-466A, Phase III	C-466A – US 301 to Powell Road; Expand the existing roadway to provide continuous turn lanes, paved shoulders, sidewalks and drainage improvements	\$2,300,000
<b>FY 2011/2012 Funding Total</b>			<b>\$16,811,953</b>

Stormwater Fund

The funding for the project below is through a Community Development Block Grant (CDBG) with \$191,298 match and total project value of \$941,298 over a two year period. The first phase is budgeted for FY 11/12.

Project Description		FY 11/12 Budget
Panacoochee Project	Drainage improvement project including resurfacing of selected roads	\$438,000
FY 2011/2012 Funding Total		\$438,000

SUMMARY

The proposed budget for FY 11/12 provides funding to maintain and/or increase the current level of service with the exceptions noted herein. It provides for a millage rate that is at the rolled back rate and therefore constitutes no legal tax increase.

All departments within the budget have been identified by one of the following designations: Public Safety, Essential Services, and Quality of life. These designations will assist the BOCC in making funding decisions going forward and are included within the budget document.

I am grateful for the tremendous effort by Division Directors, Department Heads, Elected and Appointed Officials in developing the FY 11/12 Final budget. I am especially thankful for the pre-retirement efforts of Mrs. Sandra Howell, Assistant County Administrator and Mr. Art Bisner, Financial Services Manager in the preparation of this budget document.

Sincerely,

Bradley Arnold  
County Administrator

Population Source: 2001-2009, 2011: University of Florida Bureau of Economic and Business Research Annual Population Estimates  
2000 and 2010 represent actual census data from the U.S. Census Bureau

**SUMTER COUNTY BOARD OF COUNTY COMMISSIONERS  
FY2011/12 BUDGET  
MAJOR REVENUE SOURCES - GENERAL FUND**

**Ad Valorem** - tax otherwise known as property tax

**Sales, Use & Other Taxes** - includes Sales Tax and Local Communication Service Tax

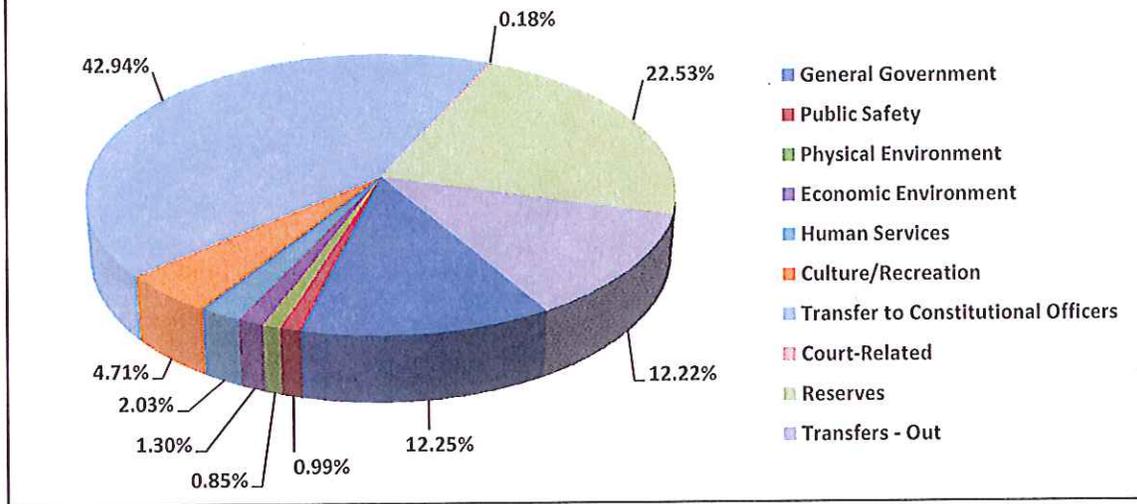

**Intergovernmental Revenues** - includes various federal and state grants as well as miscellaneous licenses and other fees

**Transfers In** - represent transfers in from other funds.

**General Government** - Includes revenues received from constitutional officers, and county planning/zoning fees

**Cash Balance Forward** - This is 100 percent of the estimated amount of the cash balance brought forward from the previous fiscal year.

**SUMTER COUNTY BOARD OF COUNTY COMMISSIONERS  
FY2011/12 BUDGET  
MAJOR EXPENDITURES - GENERAL FUND**

**General Government** – The Legislative, Administrative, and Judicial branches of Sumter County provide services in this functional area for the benefit of the public and the governmental body as a whole. The major areas are the Board of County Commissioners, County Administration, Community Planning, and County Attorney.

**Public Safety** – Sumter County provides services in this functional area for the health, safety and welfare of citizens and property. The major areas included are the Fire/Rescue Department, Emergency Medical Services (EMS), Animal Control, and Permitting Fire, Plan Review and Inspections. Expenditures relating to the operations of the Sheriff for law enforcement and the jail are included in Transfers to Constitutional Officers.

**Physical Environment** – Services in this functional area provide for safe, healthy and aesthetically clean living conditions through management of various elements of the environment. Expenditures related to Solid Waste, Dept. of Environmental Protection Force Grant and County Agent are included here.

**Economic Environment** - Services that develop, diversify, expand and improve the economic condition of the County and its citizenry through job and associated revenue creation are classified as Economic Environment. These services are provided by the Affordable Housing, Community Redevelopment Agencies (CRA's), and the Veterans Services Department.

**Human Services** – Human Services include health and welfare services provided primarily by the County for Local and State Mosquito Control, Subsidiary Housing, the Medical Examiner, Roads & Bridges, Solid Waste and miscellaneous non-profit organizations that contribute to the County.

**Culture and Recreation** – This functional area includes the provision and maintenance of cultural and recreational facilities and activities for the citizens and visitors of Collier County. Included are the Parks and Recreation Department, and County Library system

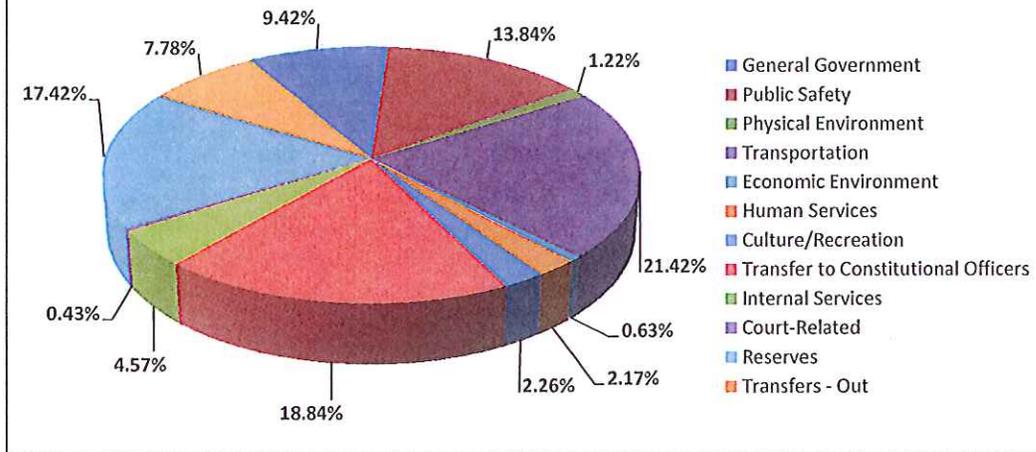

**Transfers to Constitutional Officers** – Transfers to the Clerk of Circuit Court, Property Appraiser, Tax Collector, Sheriff's Department, and the Supervisor of Elections for the operations of the departments.

**Court Related** - Includes the Guardian ad Litem rental space, Dept. of Juvenile Justice expenditures and communication costs for the State Attorney, Public Defender, Judges and Guardian ad Litem.

**Reserves** - The levels of reserves budgeted are set by Board policy, state law, and bond or debt covenants. Current Board policy dictates that a reserve for contingency for the General Operating Fund in an amount not greater than ten percent (10%) of the total available, undesignated fund shall be established in accordance with Chapter 129.01(2) (c) F.S. The reserve for contingency shall be separate from any cash carry forward fund balances. The reserve for contingency will be maintained at a level not less than five percent (5%) of the General Fund budget.

**Transfers Out** - transfer of monies in support of other funds within the Board of County Commissioners.

**SUMTER COUNTY BOARD OF COUNTY COMMISSIONERS  
FY2011/12 BUDGET  
MAJOR EXPENDITURES - ALL FUNDS**

**General Government** – The Legislative, Administrative, and Judicial branches of Sumter County provide services in this functional area for the benefit of the public and the governmental body as a whole. The major areas are the Board of County Commissioners, County Administration, Community Planning, and County Attorney.

**Public Safety** – Sumter County provides services in this functional area for the health, safety and welfare of citizens and property. The major areas included are the Fire/Rescue Department, Emergency Medical Services (EMS), Animal Control, and Permitting Fire, Plan Review and Inspections. Expenditures relating to the operations of the Sheriff for law enforcement and the jail are included in Transfers to Constitutional Officers.

**Physical Environment** – Services in this functional area provide for safe, healthy and aesthetically clean living conditions through management of various elements of the environment. Expenditures related to Solid Waste, Dept. of Environmental Protection Force Grant and County Agent are included here.

**Transportation** – Expenditures for developing and improving the safe and adequate flow of vehicles, travelers and pedestrians. This includes department budgets for County Transportation Trust, Secondary Trust, Transit, and Road Impact Fees.

**Economic Environment** - Services that develop, diversify, expand and improve the economic condition of the County and its citizenry through job and associated revenue creation are classified as Economic Environment. These services are provided by the Affordable Housing, Community Redevelopment Agencies (CRA's), and the Veterans Services Department.

**Human Services** – Human Services include health and welfare services provided primarily by the County for Local and State Mosquito Control, Subsidiary Housing, the Medical Examiner, Roads & Bridges, Solid Waste and miscellaneous non-profit organizations that contribute to the County.

**Culture and Recreation** – This functional area includes the provision and maintenance of cultural and recreational facilities and activities for the citizens and visitors of Collier County. Included are the Parks and Recreation Department, and County Library system

**Transfers to Constitutional Officers** – Transfers to the Clerk of Circuit Court, Property Appraiser, Tax Collector, Sheriff's Department, and the Supervisor of Elections for the operations of the departments.

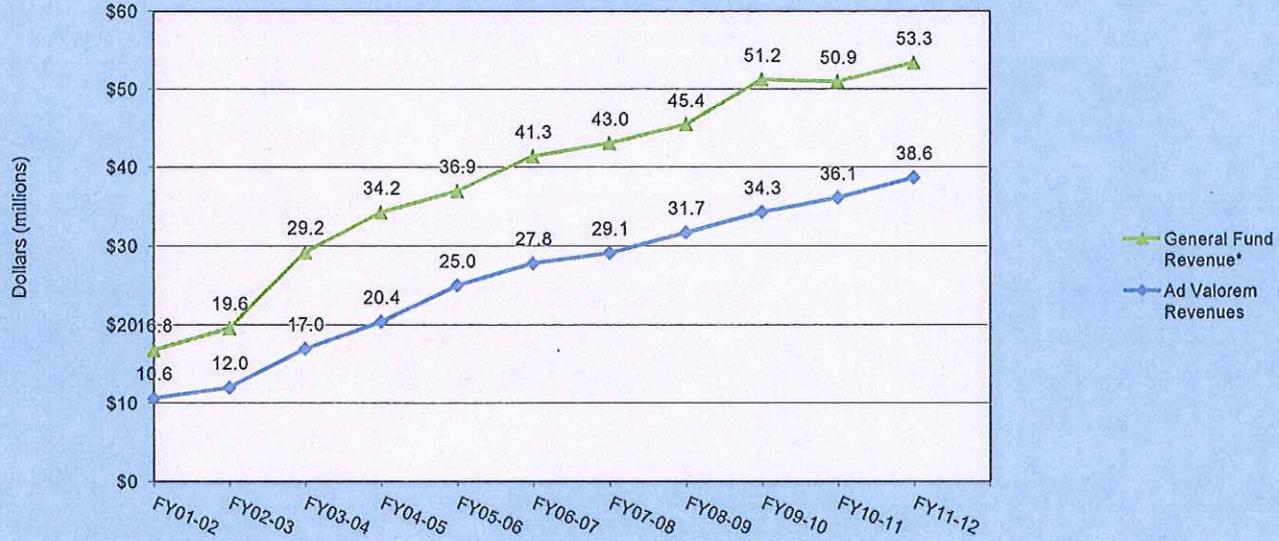

**Court Related** - Includes the Guardian ad Litem rental space, Dept. of Juvenile Justice expenditures and communication costs for the State Attorney, Public Defender, Judges and Guardian ad Litem.

**Internal Services** – Group Health Care Fund

**Reserves** - The levels of reserves budgeted are set by Board policy, state law, and bond or debt covenants. Current Board policy dictates that a reserve for contingency for the General Operating Fund in an amount not greater than ten percent (10%) of the total available, undesignated fund shall be established in accordance with Chapter 129.01(2) (c) F.S. The reserve for contingency shall be separate from any cash carry forward fund balances. The reserve for contingency will be maintained at a level not less than five percent (5%) of the General Fund budget.

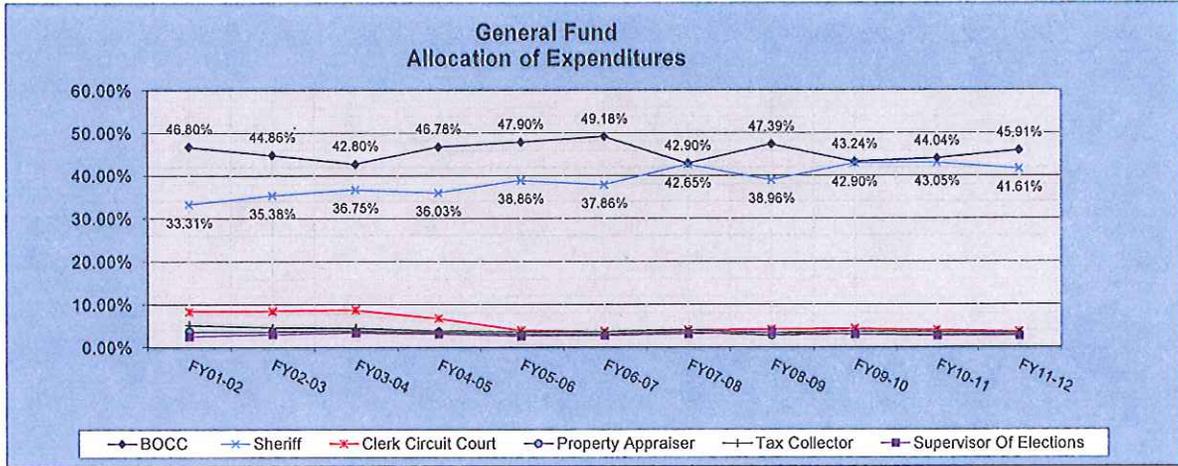

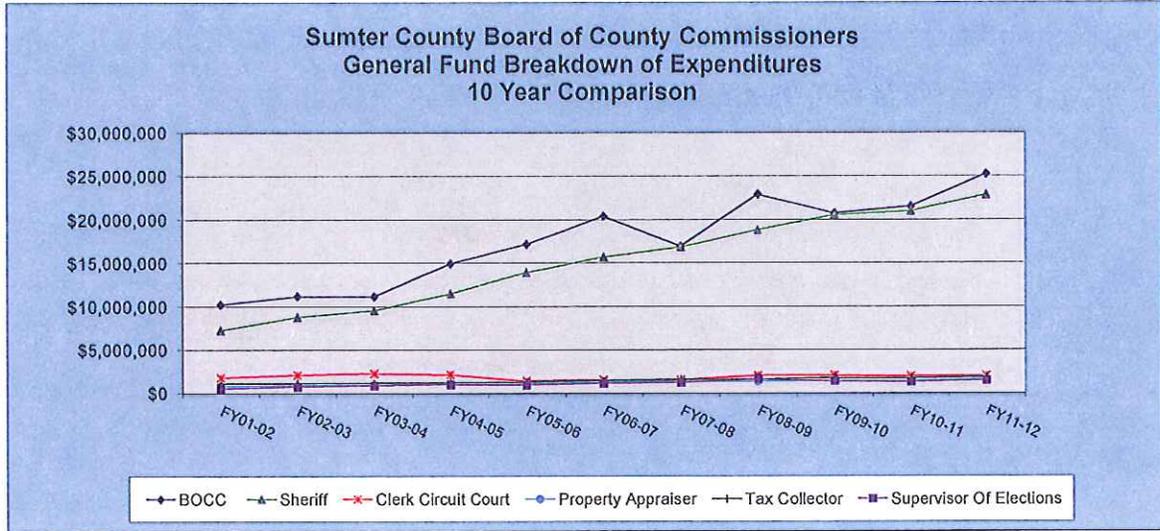

**Transfers Out** - transfer of monies in support of other funds within the Board of County Commissioners

\* Does not include Cash Balance Forward

The State of Florida mandates that funding be directly provided to the Clerk of the Circuit Court, Property Appraiser, Tax Collector, Sheriff and Supervisor of Elections each fiscal year. Pursuant to Florida Statutes 195.087, on or before June 1 of each year, the Property Appraiser must submit a tentative budget to the Sumter County Board of County Commissioners. By resolution of the Sumter County Board of County Commissioners, all other Elected Officials must submit a tentative budget by May 1 of each year for the ensuing fiscal year. Sumter County includes transfer line items in the General Fund budget for each of these offices.

## PERFORMANCE MEASURES

### **BOARD FUNDED**

**Dept: County Agent**  
**Division: Board Funded**  
**Fund: GENERAL FUND**

Quality of Life - The University of Florida's Institute of Food and Agricultural Sciences (UF/IFAS) is a federal, state, and county partnership dedicated to developing knowledge in agriculture, human and natural resources, and the life sciences and to making that knowledge accessible to sustain and enhance the quality of human life.

#### **Performance Measures:**

#### **Measurement: Educational Impacts**

Strategic Goal: Through educational programs clients will increase awareness, gain knowledge and adopt desired practices

Measurement Type: Evaluations of individual faculty programs in 2010

#### Florida Yards and Neighborhoods

76% (n=52) residents that responded through a follow up survey stated that after attending the workshop for new residents they now correctly operate their irrigation controller.

93% (n=52) residents responded they now maintain their irrigation system (irrigation heads and rain sensors) correctly.

40.6% (n=133) of homeowners spot treat problem areas with insecticides, as opposed to using broad spectrum applications after attending sessions taught at Master Gardener lecture series and plant clinics.

Based on University of Florida research, each homeowner that is taught how to operate their irrigation controller can save 13,000 gallons of water each month. The 76% (40) of residents whom now manage their clock correctly after attending the New Residents workshop will save a total of 520,000 gallons of water each month. This equates to more than 6,240,000 gallons of water potentially saved every year from the 76% (40) of residents managing their controller and irrigation system correctly.

#### Florida-Friendly Landscaping™

This agent will teach Green Industry Best Management Practices to 300 landscape professionals in 2010, with 80% of the attendees to become certified by achieving a 75% on the post-test. The long-term effects will be reduced non-point source pollution.

A Florida Water Star Landscape Design Workshop will be taught in conjunction with Southwest Florida Water Management District with a target of 30 attendees. 80% of attendees will agree to adopt the principles taught. A post-survey 6 months later will show 20% actually adopted principles, which is expected to result in a 40% water savings for those properties.

## PERFORMANCE MEASURES

Florida-Friendly Landscaping™ principles will be taught to industry participants, and knowledge gained evaluated by Turning Point audience response system. 80% are expected to express intent to adopt practices taught in a post survey.

A commercial landscape maintenance regimen of compost tea applications will be evaluated as an alternative to use of synthetic fertilizers and pesticides. The aesthetics of the property will be within 80% of the control standard as evaluated by an independent group, and costs for labor and materials will not exceed the control costs.

The demonstration garden at the Sumter County Extension Office's Bushnell location will be enhanced and utilized for visitor's learning of Florida-Friendly Landscaping™ principles. It is expected to be visited by 200 people at events over the year with knowledge gained by 80% as determined by a post-event questionnaire.

### Commercial Horticulture

According to the post-program survey (N=292) at the "Citrus Blackspot Update", 83% of the responders to the survey indicated that they will be able to identify the various stages of citrus blackspot and be able to differentiate them from the symptoms of other disorders.

The results of the post-program survey (N=15 of 105 attendees) at the Central Florida Blueberry Field Day indicated that 80% planned to practice sanitation to prevent weed infestations from becoming established on their farms and 67% would rotate their herbicide classes to prevent resistant weed populations from becoming established.

### Urban Horticulture

The Urban Horticulture Agent and a Master Gardener partnered with The Villages Recreation Centers in order to host seminars and panel discussions in their recreation facilities. Plant Clinics and a Master Gardener Speaker Series are currently being offered three times per month at the Recreation Centers. These events have received an overwhelming response. 5,778 Sumter County residents were in attendance in 2010 and 2009. Over 500 residents were unable to attend due to facility size. Follow up Quotes from participants state that they "have saved both money and water", "have a natural landscape that requires less maintenance" and "both birds and butterflies are now daily visitors". Residents also stated that "You've made the transition from a northern climate to Central Florida much smoother" and that they "Often have pests or unhealthy plants. I have followed your expertise and it worked." 136 similar, positive comments were stated on a Master Gardener Speaker Series follow up survey.

### Family and Consumer Sciences

Lucy, a participant from 2009 Take Charge of Your Diabetes class called our agent in April, 2010 giving an update on her progress. By following information received in the class she had lost 30 pounds, reduced A1C and the doctor has taken her off all her diabetes medication. She is monitoring her glucose level, watching her diet and exercising daily. At the beginning of the classes 4 of the 25 participants had an A1C higher than 12. These 4 participants over a six month period lowered their A1C to 7 or lower by healthier food choices, counting carbohydrates, taking medication regularly,

## PERFORMANCE MEASURES

checking blood glucose after each meal daily and including 30 minutes of physical activity daily. The 25 participants lost a total of 364 pounds.

### 4-H Youth Development

In the year of 2010 records indicate that 363 youth were active in a 4-H government council at the County, District, and State level. One hundred ten (110) youth are enrolled in 4-H between the ages of 11 and 13 for the 2009-2010 year indicating that eligible youth are attaining leadership skills through participation at higher level experiences.

In 2010 four new 4-H clubs were established, two of which meet in the northern part of the county where previously there was only one club

In the year of 2010 fifty-five (55) adult volunteers were taught in four (4) training sessions conducted by the 4-H agent resulting in a self reported gain of knowledge and skills in club management.

### Sustainable Living /Leadership

17 women participated in Annie's Project in 2010 and attended six sessions of the classes featuring financial management, farm planning, retirement planning, and risk management. They returned evaluations at the end of each of the six sessions and the overall rating of the program was 4.6 out of 5 in a Likert Scale. As result of this program, 100% of the women worked with their spouses or partners to develop a mission statement and goals for their agricultural enterprise.

A four day camp was delivered to 17 youth with a theme of Farm To Plate. The curriculum was developed by this agent and the 4-H agent assisted during the camp. Field trips, activities, lessons, snacks and games were all based on the theme of agriculture and the products that come from agriculture. Youth made butter, picked blackberries, met a dairy goat and a bee hive. They made a worm farm to take home, made recycled pots and planted vegetables for their own vegetable garden. According to the national initiative called Farm to School, children make better food choices at school when they are exposed to educational information about the origins of food. Because of the Farm to Plate Day Camp, 17 youth have a better understanding of agriculture and the origins of their food and are able to share what they know about animal and plant products used for food with their friends. The parents of these youth also were exposed to these concepts as the activities from each day were taken home.

### **Measurement: Seek outside funding sources (Return on Investment)**

Return on Investment	
Sumter County BOCC Contribution***	\$316,851.00
University of Florida Contribution**	211,295.00
Grant Funds Generated	214,836.00
4-H Volunteer Contribution *	108,253.00

## PERFORMANCE MEASURES

\*Calculation of Volunteer Hours: # of hours X \$18.20

Value of Florida volunteer hours for 2008 from IndependentSector.org

\*\*UF supplies \$211,295 in monetary support but also provides supervision, evaluation, contributions toward benefits, technical assistance, etc.

\*\*\*Does not include office space rental.

Staffing during this period: 7 faculty and 2 paraprofessional staff

Other staffing at no cost to county:

FIWI Maintenance Worker 20 hours/ week

Workforce Central Florida Summer Youth 35hrs/week during the summer

Family Nutrition Program Grant Program Assistants – 3 FTE (program ended 4/1/11)

### **Dept: Sumter County Health Department**

**Division: Board Funded**

**Fund: GENERAL FUND**

Public Safety - The Sumter County Health Department provides public health services, clinical services, environmental services, and maintains birth and death vital records. The Board levies Ad Valorem taxes to assist in the support of the local Health Department that is funded primarily by the State of Florida and fees. Clinics are located in Bushnell and Wildwood with administration offices located in Bushnell.

#### **Performance Measures:**

None

## **COMMUNITY SERVICES DIVISION**

### **Dept: Animal Control**

**Division: Board Funded**

**Fund: GENERAL FUND**

Public Safety – The mission of Animal Control Services is to protect the health, safety and welfare of the citizens and domestic animals of Sumter County and to promote justice and equity in the enforcement of state and local laws for control and protection.

#### **Performance Measures:**

**Measurement:** Percentage of adoptions in relation to total domestic animal intake.

Strategic Goal: To increase the adoption rate by 5% per year.

Measurement Type: Effectiveness > based on total adoptions/transfers/RTO

FY 08/09	FY 09/10		FY 10/11		FY 11/12
Actual	Goal	Actual	Goal	Projected	Goal
676/26%	34%	695/26%	31%	28%	36%

**PERFORMANCE MEASURES**

**Measurement:** Total animal intake in relation to total operating budget.

Strategic Goal: Reduce the cost per animal each year.

Measurement Type: Efficiency > based on total animal intake divided by budget

FY 08/09	FY 09/10	FY 10/11		FY 11/12
Actual	Actual\$/Animals	Goal	Projected	Goal
\$149	\$142/2825	\$169	\$157/3108	\$141/3419

**Measurement:** Average number of field service calls initiated each workday per Animal Control Officer (ACO) (not including on-call dispatch).

Strategic Goal: To maximize the number of field service calls conducted each day.

Measurement Type: Efficiency > based on 3.5 officers in the field @ 250 days

FY 08/09	FY 09/10 *		FY 10/11		FY 11/12
Actual	Goal	Actual	Goal	Projected	Goal
7	7	12/8705	8	18/15,773	18

\* Based on 3 officers

**Measurement:** Average length of stay in kennel per animal

Strategic Goal: To manage animal inventory to ensure kennel space sufficiency.

Measurement Type: Efficiency > total length of stay for all animals divided by # of animals (excluding must hold, i.e. cruelty/court cases).

FY 08/09	FY 09/10		FY 10/11		FY 11/12
Actual	Goal	Actual	Goal	Projected*	Goal
7	9	10.34	7	7	7

- Note: 10/1/10 – 5/30/11 = 8.28 days; excluding puppies & kittens = 7.13 days

**Dept: Community Services Administration**

**Division: Community Services**

**Fund: GENERAL FUND**

Essential Services - Community Services Division is responsible for a wide range of social, health, human, cultural, & transportation services that positively impact the communities of Sumter County. The mission of the Community Services Division is to facilitate the delivery of departmental services in a professional manner, to anticipate service needs and to ensure accountability to all the citizens of Sumter County.

## PERFORMANCE MEASURES

**Performance Measures:**

**Measurement:** HCRA payments as a percent of HCRA statutory budget

Strategic Goal: To carefully implement HCRA regulations and to payout ≤75% of statutory obligation.

Measurement Type: Efficiency

FY 07/08	FY 08/09	FY 09/10		FY 10/11		FY 11/12
Actual	Actual	Goal	Actual	Goal	Projected	Goal
41%	40.3%	≤75%	21.8%	≤70%	30%	≤70%

**Dept: Library Services**

**Division: Community Services**

**Fund: GENERAL FUND**

Quality of Life – Library Services is the administrative unit for the Sumter County Library System under the governance of the Board of Sumter County Commissioners. SCLS consists of five branch libraries, a bookmobile and two member libraries. The libraries work together to provide Sumter County residents with free information, services, books, multimedia, and educational materials that is essential to learning and progress to all residents of all ages.

**Performance Measures**

**Measurement:** Number of library items in all formats (print, video, audio, etc.) as a percent of total 2012 Sumter County population of 102,434 (BEBR estimate).

State Standards: Essential=2; Enhanced=3.5; Exemplary=4.5

[Standards Source: Florida Public Library Standards 2006 and based on population levels 25,001-100,000]

Strategic Goal. To attain essential standard for resource materials (e.g., print, video, audio, etc) of 2 per capita by FY 14/15.

Measurement Type: Effectiveness

FY 09/10		FY 10/11		FY 11/12
Goal	Actual	Goal	Projection	Goal
1.25	*1.04	1.50	1.60	1.75

\*Due to closing of Coleman Library and relocation of Wildwood Library materials collection was extensively weeded and goal was not obtained.

**PERFORMANCE MEASURES**

**Measurement:** Number of residents registered for library cards as a percent of total population.

State Standards: Essential=30%; Enhanced=50%; Exemplary=75%

Strategic Goal. To exceed enhanced state standard of 50% for library card registration by FY 14/15 by 5%

Measurement Type: Effectiveness

FY 09/10		FY 10/11		FY 11/12
Goal	Actual	Goal	Projection	Goal
40%	50.4%	52%	55%	60%

**Population figure: 93,420**  
**Registration figure (FY 09/10): 47,040**  
**Collection figure (FY 09/10):**

**Measurement:** Percent of patrons surveyed who rate circulation services satisfactory or higher.

Strategic Goal: To maintain 90% satisfaction on Client Satisfaction Survey

Measurement Type: Effectiveness

FY 10/11		FY 11/12		FY 12/13
Goal	Actual	Goal	Projected	Goal
90%	>90%	90%	>90%	>90%

**Dept: Probation**  
**Division: Community Services**  
**Fund: GENERAL FUND**

Essential Services - The Sumter County Misdemeanor Probation Department seeks to assist misdemeanor probationers to become accountable and responsible to themselves, to the court, and to their communities by acquiring life skills that decrease potential for continued criminal conduct.

**Performance Measures**

**Measurement:** Successful terminations as a percent of the total cases terminated

Strategic Goal: To increase the successful termination rate by 5% per year.

Measurement Type: Effectiveness

FY 09/10		FY 10/11		FY 11/12
Goal	Actual	Goal	Actual 6-MO	Goal
66%	62%	67%	73.5	70%

**PERFORMANCE MEASURES**

**Measurement:** Caseload to counselor ratio (State standard is 75:1)

Strategic Goal: To attain caseload officer caseload of 75:1 by FY 14/15.

Measurement Type: Output/Workload

FY 08/09	FY 09/10		FY 10/11		FY 11/12
Actual	Goal	Actual	Goal	Actual 6-MO	Goal
105:1	95:1	120:1	100:1	69:1	75:1

**Measurement:** Average cost per case

Strategic Goal: To provide the effective customer service and maintain average cost of service increase with CPI.

Measurement Type: Efficiency

FY 09/10		FY 10/11		FY 11/12
Projected	Actual	Goal	Projected*	Goal**
\$745	\$711	\$760	\$730	\$0

\* Not including staff payments resulting from pilot program

\*\*It is likely the BOCC will approve the contract to privatize this department effective 8/1/11.

**Dept: Transit**

**Division: Community Services**

**Fund: TRANSIT FUND**

Quality of Life - Sumter County Transit's mission is to ensure all citizens of Sumter County professional, efficient and cost-effective transportation services. Sumter County Transit will provide safe, clean, comfortable, and economical transportation and be alert to citizen needs and to prepare for those needs in a timely manner.

**Performance Measures:**

**Measurement:** Percent of Budget Covered by General Fund.

Strategic Goal: To maintain General Fund contributions at or below 50% of expenses.

Measurement Type: Efficiency >

FY 08/09	FY 09/10		FY 10/11		FY 11/12
Actual	Goal	Actual	Goal	Projected	Goal
32%	39%	35%	30%	34%	32%

PERFORMANCE MEASURES

**Measurement:** Number of unduplicated passengers as a percent of potential Transportation Disadvantaged (TD) of 23,997 in Sumter County total population of 93,420 (2010 Census). TD population is 26% of the total population.

Strategic Goal: To increase the percentage of unduplicated TD eligible passengers transported with the funds available each year.

Measurement Type: Effectiveness

FY 08/09	FY 09/10		FY 10/11		FY 11/12
Actual	Goal	Actual	Goal	Projected	Goal
3023/13%	5844/24%	2997/12.5%	3050/13%	3020	3050

**Measurement:** Cost per Passenger Trip

Strategic Goal: To maintain average trip cost below \$25.

Measurement Type: Efficiency > Divided expenditures by total number of trips

FY 08/09	FY 09/10		FY 10/11		FY 11/12
Actual	Goal	Actual	Goal	Projected	Goal
\$24.50	\$18.53	\$19.87	\$19.00	\$20.01	\$21.03

**Measurement:** Cost per Vehicle Mile

Strategic Goal: To maintain average cost per vehicle mile below \$3.

Measurement Type: Efficiency > Divided expenditures by total vehicle miles

FY 08/09	FY 09/10		FY 10/11		FY 11/12
Actual	Goal	Actual	Goal	Projected	Goal
\$2.64	\$2.69	\$2.57	\$2.72	\$2.29	\$2.41

**Dept: Veterans Services**

**Division: Community Services**

**Fund: GENERAL FUND**

Quality of Life - Provide high quality, professional guidance and assistance to Sumter County veterans and their dependents in obtaining their rightful entitlements from the U.S. Department of Veterans' Affairs as well as other Federal and state agencies at offices located in Bushnell and The Villages.

**PERFORMANCE MEASURES**

**Performance Measures:**

**Measurement:** Average monthly caseload for counselors

**Strategic Goal:** To maintain high level of service while maximizing productivity

**Measurement Type:** Output/Workload

FY 09/10		FY 10/11		FY 11/12
Goal	Actual	Goal	Projected	Goal
108	110	112	115	115

**Measurement:** Average number of claims filed per counselor

**Strategic Goal:** To increase the number of cases filed for benefits per counselor per year by at least 2%.

**Measurement Type:** Output/workload

FY 09/10		FY 10/11		FY 11/12
Goal	Actual	Goal	Projected	Goal

**FIRE & EMS DIVISION**

**Dept: Fire & EMS**

**Division: Fire & EMS**

**Fund: SUMTER FIRE DISTRICT**

Public Safety – To protect lives and property through unified response for Emergency Medical Assistance, Fire Suppression, Hazardous Materials Incidents and other natural and man-made disasters and emergency situations.

To educate the Community on Fire & Life Safety Issues and enforce codes, ordinances and law when necessary to preserve and enhance Quality of Life through Fire Prevention and Hazard Management. Work with other public agency partners to ensure agency and Community preparedness to respond to and mitigate potential emergencies and other disasters.

## PERFORMANCE MEASURES

To prepare Division members, through education, training and practice, to perform to the highest level of ability to respond to the needs of the Citizens with skill, knowledge and compassion.

### **Performance Measures:**

Beginning in FY 11/12, the Division will implement new measures of performance. The Division will begin to not only measure average response times, but will also capture the fractal response data related to the various response components. The fractal measurements give a more accurate picture of the response, by more readily identifying the gaps in performance. Beginning in January 2011, the Division adopted a new records management software (RMS) allowing for more functionality and future expansion of data capture capabilities. Therefore, the historical data for the reporting below will be for the five month period of January through May, 2011.

Performance for the following measures will be captured:

Turn-Out Time – is the time from call notification until the responding unit is enroute.  
Travel Time – is from the time the responding unit is enroute until it arrives on scene  
Response Time – is the sum of the Turn-Out Time and the Travel Time

Total Response time also includes the call processing time along with the Turn-Out and Travel Times. However, since dispatching is a function conducted through contract by Rural Metro, that performance measure is within their scope.

### **Response objectives for turnout time:**

Division has been unable to measure turnout time due to inconsistent data provided by the dispatch provider, however, it is anticipated that this information will be readily available upon transfer to the new dispatch provider. Upon capture of this data the initial benchmarks will be as follows:

- Fractal turnout time for staffed stations benchmark will be 1:30 or less 90% of the time
- Fractal turnout time for unstaffed stations benchmark will be 5:00 or less 90% of the time

### **Response objectives for the 1<sup>st</sup> responding unit (all incidents):**

- Average response travel time for all calls has been 8:34
- Fractal response travel time baseline for non-emergency/non life-threatening calls has been 15:00 or less 90% of the time
- Fractal response travel time benchmark for non-emergency/non life-threatening calls will be 14:00 or less 90% of the time

PERFORMANCE MEASURES

**Response objective for the 1<sup>st</sup> arriving engine company at a structure fire:**

- Average 1<sup>st</sup> arriving engine company time has been 9:50
- Fractal 1<sup>st</sup> arriving engine company time baseline has been 15:00 or less 90% of the time.
- Fractal 1<sup>st</sup> arriving engine company time benchmark will be 14:00 or less 90% of the time

**Response objective for full 1<sup>st</sup> alarm assignment (10 personnel) at a structure fire:**

- Fractal 1<sup>st</sup> alarm assignment baseline has been 14:00 or less 90% of the time.
- Fractal 1<sup>st</sup> alarm assignment benchmark will be 13:00 or less 90% of the time.

SCFR’s Annual Call Volume for FY 09/10 was 6,766. Data from the first 2 quarters of FY 10/11 indicate a projected increase in Annual Call Volume.

SCFR Annual Call Volume	FY 08/09	6,778	71% Medical Responses
SCFR Annual Call Volume	FY 09/10	6,766	77% Medical Responses
SCFR Semi-Annual Call Volume	FY 10/11	4,107	73% Medical Responses

Historically, SCFR has relied on the benchmark of average response times for the first arriving unit to an incident; these times were reported for municipal and rural response areas. These calculations were based on a tabulation of calls which appeared to occur in the area measured, however, it has been determined that the previous calculations were devised in an inaccurate manner. Beginning with FY 11/12, the Division will work with the new dispatch provider to obtain accurate data related to response zones to accurately reflect true fractal response times.

Additional performance measures will be identified and reported after the initiation of dispatch services through Rural Metro, which will provide more comprehensive data management. Also, the performance of the Division’s ALS service delivery will be benchmarked, with goals being established for future performance.

**Call Volume and EMS Activity –**

FY 09/10 saw an Annual Call Volume of 6,766, over 77% were EMS related. SCFR assisted EMS, or provided medical care on 5,209 medical responses. Medical First Responder Training is the minimum required of all members, currently SCFR has 74 members trained to the level of Emergency Medical Technician (EMT), and 19 members certified as Paramedics. With the increase of medical responses, SCFR has initiated an Advanced Life Support (ALS) engine, to provide first response advanced life support care. The department will monitor the effectiveness of this unit for the possible future deployment of additional ALS units.

## PERFORMANCE MEASURES

**Dept: Fire & EMS**

**Division: Fire & EMS**

**Fund: THE VILLAGES FIRE DISTRICT**

### **Response objectives for the 1<sup>st</sup> responding unit:**

- Average response travel time for non-emergency/non life-threatening calls has been 5:45
- Fractal response travel time baseline for non-emergency/non life-threatening calls has been 9:30 or less 90% of the time
- Fractal response travel time benchmark for non-emergency/non life-threatening calls will be 9:00 or less 90% of the time
- Average response travel time for emergency/potentially life-threatening calls has been 4:05
- Fractal response travel time baseline for emergency/potentially life-threatening calls has been 6:25 or less 90% of the time
- Fractal response travel time benchmark for emergency/potentially life-threatening calls will be 6:00 or less 90% of the time

### **Response objectives for turnout time:**

Definition – time required from initial dispatch to wheels are turning and traveling to the incident.

- Average turnout time has been 1:00
- Fractal turnout time baseline has been 2:10 or less 90% of the time
- Fractal turnout time benchmark will be 1:20 or less 90% of the time

### **Response objective for the 1<sup>st</sup> arriving engine company at a structure fire:**

Definition – time period from wheels turning to arrival at the incident.

- Average 1<sup>st</sup> arriving engine company time has been 4:05
- Fractal 1<sup>st</sup> arriving engine company time baseline has been 6:25 or less 90% of the time.
- Fractal 1<sup>st</sup> arriving engine company time benchmark will be 6:00 or less 90% of the time

### **Response objective for full 1<sup>st</sup> alarm assignment (15 personnel) at a structure fire:**

Definition – time period from wheels turning to the arrival of all 1<sup>st</sup> alarm units for the incident.

- Fractal 1<sup>st</sup> alarm assignment baseline has been 14:00 or less 90% of the time.
- Fractal 1<sup>st</sup> alarm assignment benchmark will be 13:00 or less 90% of the time.  
Note: VPSD has responded to 16 structure fires in the previous three (3) years and has met the baseline 15 times (93.75%).

## PERFORMANCE MEASURES

### Response objective for the 1<sup>st</sup> VPSD advanced life support (ALS) unit at an emergency medical services (EMS) incident:

Definition – time period from wheels turning to arrival of the 1<sup>st</sup> VPSD ALS unit at the incident.

- Average response time has been 4:05 for the arrival of the 1<sup>st</sup> VPSD ALS unit.
- Fractal response time baseline has been 6:25 or less for the arrival of the 1<sup>st</sup> VPSD ALS unit 90% of the time.
- Fractal response time benchmark will be 6:00 or less for the arrival of the 1<sup>st</sup> VPSD ALS unit 90% of the time.

**Dept: Ambulance Services**

**Division: Fire & EMS**

**Fund: GENERAL FUND**

Public Safety - Emergency Medical Transport services provided through contract by Rural Metro of Florida Inc. and FY 11/12 will mark the beginning of the ambulance service contract with Rural Metro. Various performance standards are outlined within the comprehensive contract for service. Several of those measures are outlined within this document.

**Performance Measures:**

Call Volume (Total Calls Run)	11,000 projected
Year over Year Increase in calls	null%

Total Patient Transport	9,600 projected
Year over Year Increase in Patient Transports	null%

Response Times		
Urban Response Zone	Null	Goal: 8 minutes 90%
Suburban Response Zone	Null	Goal: 8 minutes 50%
Rural Response Zone	Null	Goal: 11 minutes 50%

Along with the above noted response time requirements, is a comprehensive list of reporting and quality assurance measures that must be maintained as outlined in the agreement. During the first year of performance, a standard listing of performance indicators will be determined for reporting within this document.

## **PLANNING AND DEVELOPMENT DIVISION**

**Dept: Building Department**

**Division: Planning & Development**

**Fund: BUILDING SERVICES FUND**

Public Safety/Essential Services - The Mission of the Building Department is to provide a high level of building code compliance for the preservation of life, safety, and general welfare for the people of Sumter County. This is accomplished through the enactment and enforcement of effective codes and standards to ensure structural strength,

## PERFORMANCE MEASURES

sanitation, fire protection, adequate light and ventilation, and other essential elements of life safety in the building environment. The Building Department accomplishes their Mission with a maximum goal in customer service and efficiency.

PERFORMANCE MEASURES

**SUPPORT SERVICES DIVISION**

**Dept: Financial Services**  
**Division: Support Services**  
**Fund: GENERAL FUND**

Essential Services – The mission of the Financial Services Department is to provide information, analysis, and staff support sufficient for the County Administrator and the Sumter County Board of County Commissioners to make well informed financial, program and management decisions. The department facilitates a fair, proactive, streamlined and competitive procurement process that encourages controlling costs to Sumter County Agencies and its citizens while ensuring that Sumter County is receiving the highest quality goods and services at the best price while maintaining the integrity of the open competitive bidding process.

**Performance Measures:**

**Measurement:** Percentage of formal bids protested in 2010 with a Goal of 0%

33 bids were processed and there was one (1) formal protest. A failure rate of 3.03% was reached. The protest was reviewed by the County Attorney and it was determined that the claims made in the protest were unsubstantiated. No amicable resolution was reached between the County and the protesting party; however, no further action by the protesting party occurred.

**Measurement:** Percentage of formal bids awarded for 2010 with a Goal of 100%

Thirty three (33) bids were processed and thirty (30) were awarded, one (1) was rejected and two (2) were cancelled. A goal of 91% was reached. The goal for 2011 is 100%.

**Measurement:** Volume of Budget Transfers and Amendments between Fiscal Years  
 This measurement's goal is to measure process efficiencies including budgeting training and strategies. There was a 26% decrease in amendments for FY 10/11 compared to FY 09/10. There was a 36% decrease in transfers for FY 10/11 compared to FY 09/10. This supports the concept that processes are becoming more efficient and staff is better trained in preparing and monitoring their budgets.

**Measurement:** Accurate forecasting to limit the number of correction to tax roll

Sumter MSBU	FY 07/08	FY 08/09	FY 09/10
