**HISTORY/FACTS/ISSUES:**

---

The Sumter County Emergency Communications Center (ECC) coordinates all non-law enforcement emergency services responses in Sumter County. In October, 2021 Sumter County transitioned management and oversight of the ECC from American Medical Response to Sumter County. AMR provided cybersecurity oversight and response for the ECC until October, 2021.

Public Safety Answering Points are critical to the effective and efficient daily operations of our public safety services. Motorola Solutions, Inc has maintained and managed the network infrastructure for the Sumter County Public Safety Radio System. The proposed cyber security services provide a comprehensive solution to ensure the ECC is prepared to respond and recover from current and emerging cyber threats.
