HISTORY/FACTS/ISSUES:

Lake~Sumter State College submitted a minor site plan application to upgrade the current LSSC sign. Staff was concerned about the current location of the existing sign being installed years ago within the US-301 right-of-way (Map 1).

Because staff was not able to find an historic agreement between the County and LSSC for this existing sign, an agreement was developed (Attachment A) that would allow the existing sign with electricity and limit the footprint to current dimensions.
