WHEREAS, the District is a special purpose unit of local government located entirely within Sumter County, Florida, that has been established for the purpose of planning, financing, constructing, installing, operating, and/or acquiring certain improvements, facilities and services in conjunction with the development of lands located within the District; and

WHEREAS, the District, or landowners in the District, in accordance with plans for development, have constructed certain roadway and rights-of-way improvements adjacent to or near the District, which improvements are owned and maintained by Sumter County; and

WHEREAS, it is in the interest of the County and District to establish intergovernmental relations that encourage, promote and improve the coordination, overall effectiveness and efficiency of governmental activities and services within their boundaries; and

WHEREAS, Section 163.01, *Florida Statutes*, known as the “Florida Interlocal Cooperation Act of 1969,” permits local governmental units to make the most efficient use of their powers by enabling them to cooperate with other localities on a basis of mutual advantage and thereby to provide services and facilities in a manner and pursuant to forms of governmental organization that will accord best with geographic, economic, population, and other factors influencing the needs and development of local communities; and

WHEREAS, the District, through a competitive bid process, shall enter into a contract with a disaster debris management company (“Contractor”) for debris cleanup following a natural disaster;

NOW THEREFORE, in consideration of the terms, conditions, and covenants expressed herein, the parties agree as follows:

1. The foregoing recitals are true and correct and by this reference are incorporated as a material part of this Agreement. 3. Pursuant to this Agreement, the District shall:
