---

**BUDGET IMPACT:** \$252,144  
**FUNDING SOURCE:** ARPA Project Funding  
**Type:** Annual      **EXPENDITURE ACCOUNT:** 001-802-536-3100

---

**HISTORY/FACTS/ISSUES:**

---

In May 2022, a due diligence assessment was completed for a contemplated government service center on undeveloped property located at the northeast corner of US 301 and C 470 in Sumter County, Florida. As part of that assessment, Kimley-Horn coordinated with the City of Bushnell regarding extensions of their water and sewer service lines to serve the Project. The proposed project route is shown on attached Exhibit A.

In January 2023, the County purchased a portion of the subject property. Under this individual project order, Kimley-Horn will prepare field surveys, utility locates, design plans, permit applications, and bid documents for the extension of offsite utilities. The offsite utility extensions will include 2,040 feet of 8" potable water main, and 7,700 feet of 4" sanitary sewer force main.
