Hi Bradley,

I want to thank you again for meeting with Kelly and myself this morning. We are grateful for your efforts to help plan our future services in Sumter County!

After consideration of our discussion and visiting the potential site, we are very excited about the prospect of moving forward with the tentative plan. The buildable area is much larger than I had initially imagined, especially given that it's already an engineered site ready for development. Over the next several weeks I would like to re-visit the site with our general contractor and work on the information that you requested. I may also meet with our potential legislative sponsors during this time, mentioning that we are talking with the County about the prospect of a site partnership, with the hope that we would have more of a formal contingency commitment in place prior to submitting a legislative project request in the fall. Please know, however, that I welcome good counsel - so don't hesitate to redirect me on this or other matters at any time...

Kind regards,

*Mark W. Barry*  
*Chief Executive Officer*
