**Subject:** Fwd: IDA term date expiration

Bradley,

Regrettably I must resign from the IDA. My wife's health and recovery will require us to spend a great deal of time away from TV. I do not plan on completing the required forms. If you need something more from me than this email resignation, please let me know.

It seems the IDA's work was significantly interrupted by Covid. That is regrettable. I enjoyed meeting you and learning more about Sumter County during my tenure. Thank you for your service to the community.

Ben Byers
