HISTORY/FACTS/ISSUES:

Sumter County Transit (SCT) had the opportunity to purchase two used - low mileage buses. These buses will increase the capacity of the current transit fleet and enable SCT to serve more transit riders. These vehicles are inexpensive as the price per vehicle is ten percent of the current market value. With the vehicle shortages since the pandemic, FDOT has not been able to purchase new transit buses on the State Contract. This is a good alternative for SCT to get two vehicles, as the one vehicle has less than 25,000 miles and the second vehicle has less than 37,000 miles.
