Hi Tania,
I spoke to the inspection department yesterday, they said that you need to email them requesting more time and explaining why you need more time before the 27th of this month.
The pre demo inspection was completed today and passed. My crew will be in Englewood for all of next week, so your job will be put on the schedule for the following week, which is the week of the 31st. Normally, I would say a 15 day extension would more than enough but, given the weather, I would suggest asking for a 30 day extension just to be on the safe side.
Please let me know as soon as you hear back from them.
Have a fantastic weekend!
