**What contributions do you feel you could make if you were selected to this committee/board?**

as a resident of Sumter County and long time family ties since the 1800s to the county/area, I have a unique and passionate perspective for how the region 12 workforce board should serve the everchanging population of Sumter county. The county can "grow its own" workforce and should provide as many opportunities to do so for its citizens, particularly those in low income conditions.
