V. Interlibrary Loan

Interlibrary loans are books loaned to library customers from other libraries. They are not a primary tool of collection development but can be used to expand the range of materials available to library customers.

Based on the varying lending rules that affect format availability, the SCLS will only submit requests for books. Based on the varying lending rules that affect recent publication availability, requested items must also have a date of publication that is older than one (1) year in order to be submitted.

Customers are limited to a maximum of four (4) items requested and checked out at a time. Interlibrary loans' lend period is set by the lending library to ensure a timely return to the lending library. Late fines on interlibrary loans are assessed at \$1.00 per day per item, and lost books will result in the full cost charged by the lending institution.

Interlibrary loans are only available to the customer that originally requested the item. If another customer requests the item, another interlibrary loan request must be submitted.

Items outside the collection with interlibrary loan requests totaling more than five requests in the last twelve months will be considered for collection development.

VI. Confidentiality

Sumter County and its authorized agent provide confidentiality of registration and circulation records in accordance with *Florida Statute Section 257.261*.

Sumter County and its authorized agent strive to protect customer confidentiality in relation to items used in or checked out of the Library and to information sought through the Library and the Library's reference services. Filtered Internet access may restrict access to sites that could be deemed inappropriate, objectionable, or harmful to minors, but may also limit access to sites that have legitimate research value. No filtering system is completely effective or efficient. Authorized guardians are advised to supervise their children's Internet sessions. Adult customers may submit a request for consideration to unblock a specific site. Customers may not make unauthorized disclosure of, use of, or dissemination of a minor's personal information by means of the Internet, e-mail, or any other electronic technology.

Sumter County and its authorized agent avoid collecting or maintaining records that could compromise the privacy of customers. Nevertheless, customers must also exercise caution

when using the Internet to avoid unauthorized disclosure, use, and dissemination of personal identification information.
